The Executive Committee is required to make a report to the Board once a month summarizing its activities.
The Executive Committee may act in the absence of the Board provided such action is recorded in the minutes and is submitted to the next regular meeting of the Board.

2.3. Executive Evaluation Committee

The Executive Officer positions are of great value to the CSA. Elected at-large by the general student body and reporting directly to the CSA Board of Directors, the Executive Officers work full-time for a one-year term. Each Executive Officer has a specific portfolio with unique responsibilities and their performance is of critical importance to the CSA. It may be challenging for a Board of Directors, that generally meets bi-weekly, to provide supervision, guidance and feedback on the day-to-day performance of each Executive Officer.

The Executive Evaluation policy is meant to increase the level of accountability and support between each Executive Officer and the CSA Board of Directors. This policy will support the development of goals, the management of progress towards meeting those goals, and the accountability of the Executive Officers within their portfolios.
2.3.1. Introduction

2.3.1.1. The Executive Evaluation process shall be managed by an Executive Evaluation Committee (EEC) of the CSA Board of Directors.

2.3.1.2. The Executive Officers shall be required to submit reports to the EEC three times throughout their term.

- The first report shall outline fully developed goals for each Executive Officer, specific to their position and portfolio.
- The next report shall consist of a summary of activities to date and progress towards their goals.
- The final report shall outline the extent to which the goals were met, accompanied by a report on the successes and challenges faced by the Executive Officer in their role throughout their term.
- In the second and third reports, Executive Officers may include a SWOT analysis of their role and comment on Strengths, Weaknesses, Opportunities and Threats.

2.3.1.3. Following each evaluation cycle, the EEC shall submit the Executive Officers’ reports to the CSA Board of Directors, accompanied by commentary and any appropriate recommendations for action.

2.3.1.4. This policy shall be reviewed annually by the Executive Evaluation Committee.

2.3.2. Executive Evaluation Committee

2.3.2.1. The Executive Evaluation Committee (EEC) shall be struck at the first Board meeting of the Summer semester.

2.3.2.2. The EEC shall consist of six members:
   - Two (2) College / At-Large Representatives
   - One (1) Student Organization Representative
   - Two (2) Non-Executive Committee Board Members
   - CSA Policy & Transition Manager (non-voting)

2.3.2.3. One of the five Directors shall be appointed Chair.

2.3.2.4. The voting members will select from among themselves a Vice-Chair to take on the duties of Chair when that individual is absent.

2.3.2.5. The Chair shall be responsible for scheduling and chairing meetings of the EEC. In the event that neither the Chair nor the Vice-Chair is present, the remaining EEC members shall select a Chair for that meeting.
2.3.2.6. EEC Membership should serve for an entire year (12 months), but it may be necessary to re-evaluate the membership of this committee throughout the year, particularly at the beginning of the Fall semester.

2.3.2.7. Quorum for meetings of the EEC shall be four members.

2.3.2.8. The EEC shall strive for consensus in decision-making but a majority voting system shall be used when deemed appropriate by the Chair.

2.3.3. Evaluation and Reporting Process Overview

2.3.3.1. The EEC shall review the following during each evaluation cycle:

- Each Executive Officer’s goals, taking into consideration all relevant CSA Bylaws and Policies.
- Hours worked by each Executive Officer.
- Any collected feedback on Executive job performance and conduct from Board members, staff and/or other Executive.
- In order to preserve working relationships, the EEC shall ensure that the identity of an individual raising concerns is not revealed to anyone outside the EEC.

2.3.3.2. Each evaluation cycle shall consist of the following:

- Solicitation and collection of constructive feedback on job performance and conduct from Directors, staff, and students.
- Written submission to the EEC by each Executive Officer including any constructive criticism or praise for another Executive Officers’ job performance or conduct.
- EEC members’ individual review of materials submitted.
- Interview meeting between each Executive Officer and the EEC.
- Final report for each Executive Officer prepared by the EEC to the CSA Board of Directors

2.3.3.3. The EEC is responsible for providing a fair evaluation of the performance of each Executive Officer working within the requirements and responsibilities outlined in the CSA Bylaws and Policies. It is important the EEC members do not evaluate based on their personal or political opinions but use the CSA Bylaws and Policies as their guiding documents.

### 2.6.3. Structure

2.6.3.1. The Committee Chair will be the Policy & Transition Manager. The PBRC will select a Vice-Chair to facilitate meetings in the absence of the Policy & Transition Manager for each semester. This selection will take place at the first meeting of each semester. The Policy & Transition Manager is responsible for coordinating the collection of agenda items to be discussed.

2.6.3.2. The PBRC minutes will be recorded by the CSA Committee Scribe (or designated scribe in the absence of the Committee Scribe). Committee minutes will be circulated between meetings of the PBRC for member review and for approval at the next regularly scheduled meeting.

For minute-taking purposes, decisions reached by consensus will be noted as such.

2.6.5. Reporting

2.6.5.1. The PBRC will report to the CSA Board of Directors at least twice a semester. It is understood that the Board of Directors will request reports on specific issues with specific timelines relevant to that issue.

2.6.6. Conflict of Interest

2.6.6.1. Each member of the PBRC is expected to declare a conflict of interest on an issue before discussion of the issue commences. A conflict of interest may result from the direct involvement of a member in a particular topic of discussion where the member may be unable to participate without bias.

2.6.6.2. Other members are free to express concerns about the conflict of interest of another member at any time, provided that such an expression is undertaken in a non-accusatory manner.

2.6.6.3. In either case, the PBRC as a whole will decide whether or not the supposed conflict of interest, as outlined in Bylaw 1 Section 10 (Conflict of Interest), merits exclusion of the member from the discussion for that item.

2.6.7. Working Groups

2.6.7.1. A working group is defined as a committee of no set membership with an interest in a specific issue and its role will be to gather information and present recommendations on necessary policies to the PBRC. A working group may also work to wordsmith, in a small group setting, draft bylaws and policies to then be presented to the PBRC for review and possible recommendation to the CSA Board of Directors.
2.6.7.2. The PBRC will strike working groups as necessary for specific issues. Working groups of PBRC may only be created by the support of the PBRC and or a clear directive from the CSA Board of Directors.

2.6.7.3. There shall be at least one member in a working group. Each working group will be responsible for reporting back to the PBRC as appropriate.

- Bike Centre initiatives, critiques and projects produced by the Bike Centre Committee shall be undertaken and/or applied through an anti-oppressive lens, acknowledging that our diversity and experiences with oppression cannot be

---

Section 4.0. Confidentiality [Replaced by the CSA Board – Feb. 5, 2020]

4.1. Confidentiality is a fundamental responsibility for a CSA Director, Executive Officer, and/or staff member. As such, they must act honestly and put the best interests of the CSA ahead of their own interests. It also means that they must avoid or acknowledge conflicts of interest.

4.2. Directors, Executive, and staff members have limits on how they share information and with whom they may share it. Maintaining confidentiality also means that they must maintain the confidentiality of any person or sensitive information that they acquire during their service to the Board and CSA.

4.3. A breach of confidentiality may happen for a variety of reasons including but not limited to:

- Disclosure of confidential information;
- Disclosure of personal information, and
- Conflicts of interest.

4.4. During their work, Directors, Executive, and staff members may have access to financial, personal or sensitive information about the CSA membership, staff and other Board members. In keeping with their duties, Board members shall not disclose information that they have received as a result of their position on the Board and shall not make improper use, either directly or indirectly, of any confidential information received.
4.5. Directors, Executive, and staff members have a large network of constituents, associates and other individuals to which they may have loyalty. While this is positive, it may cause a conflict of interest if a Director, Executive Officer, and/or staff member shares information that they have gained as part of their position or employment.

4.6. Directors, Executive, and/or staff members may suffer consequences if a breach of confidentiality occurs, whether it happens unknowingly or not. Consequences may vary depending on the circumstances and level of severity of the breach, as outlined in Bylaw 1, Section 10: Confidentiality.

4.7. All Directors and Executive shall sign a Confidentiality and Conflict of Interest Agreement upon ratification by the Board of Directors. The Confidentiality and Conflict of Interest Agreement may be changed only by the Executive on an annual basis, in the winter semester.

4.9. It is the responsibility of the Policy & Transition Manager to ensure that all Directors and Executive sign the agreement. [Amended by the CSA Board – Feb. 5, 2020]

5. Protection of Privacy and Access to Information [Former Section 4]

As a functioning not-for-profit corporation, the CSA respects and abides by the Freedom of Information and Protection of Privacy Act, as specified by the provincial government of Ontario. At all times, the President and Human Resources and Operations Manager shall be familiar with the current rules/regulations regarding privacy and information.

5.1. Definitions

For the purpose of this policy, “records” means any information stored within the CSA, whether in electronic, print or any other form. “Personal information” means any information that is recorded within the CSA about any individual. “Confidential nature” means any information protected under the Charter of Rights and Freedoms of the government of Canada; home address, phone number or e-mail address; correspondence between individuals of a private nature; or opinions about an individual made by another. “Secure” means stored in a place that is inaccessible to the public and protected in a reasonable manner. “Consent” means knowingly and freely giving information for use by another for reasons that are known or ought reasonably to be known.

5.2. Principles of Privacy and Access

The CSA believes that every individual has the right to access information kept pertaining to their self. Each individual also has the right to privacy when information of a confidential nature is given to the CSA.
5.3. **Public Access to Information**

The CSA upholds that all information in its possession is open to the public, unless information relates to:

- **Personnel**: The files of the staff members of the CSA shall not be available to the public or to other parties unless the staff member consents to disclosure.
- **Ongoing economic interests**: Any information regarding plans, proposals, or other information that may jeopardize current contract or other negotiations with outside groups
- **Confidential information**: Any personal or other information that was given to the CSA with implicit or explicit confidence
- **Conflict resolution/Law enforcement**: Any information regarding internal or external conflict resolution or information regarding ongoing or confidential legal matters
- **Deliberative processes**: Information expressed in confidence during a decision-making process, such as an in-camera discussion of the Board of Directors
- **Invasion of personal privacy**: Any information about an individual will not be given out to other parties unless consent is received by the individual in question.

5.4. **Personal Information**

All information of a personal nature may be accessed by the individual to whom it pertains only. To request a copy of records held by the CSA regarding an individual’s personal information, a request form must be filled out and delivered to the Executive member responsible for the requested record. Personal identification must also be presented before information shall be disclosed. The Executive must fulfill every request for personal information unless:

- If the person requesting the information is not the individual to whom it pertains, the Executive member shall not permit access.
- If records pertaining to one individual hold confidential information about another, the Executive member will make arrangements to present the information without disclosing other confidential information.

5.5. **Collection**

The CSA will collect individuals’ information only with their explicit or implicit consent except when information pertains to:

- An award such as, but not limited to, the Tenant of the Year Award or the Teaching Excellence Award
- Performance evaluation of a staff or volunteer member
Whenever personal information is collected, the collector will inform the individual of the purpose of collection, what is being collected, how long the information will be kept, who has access to the information, how the information will be used and how the individual may have access to this information (including how to file a complaint). An informative pamphlet will be available regarding the practical rules and procedures of the CSA around personal information.

6. **Special Projects** *[Former Section 5]*

   Given that the CSA exists to address issues of concern to students, and given that the CSA has resources that may not be available to other campus or Guelph groups, from time to time the CSA may institute a project or initiative designed to correct some inadequacy or deficiency within the university, or within the City of Guelph.

   The following considerations should apply:

   - The project is designed to serve the students of the University of Guelph.
   - Financial support must be viable and available. The CSA should investigate the possibility of external funding partners.
   - Project management should be instituted in such a manner that it is feasible to administratively continue its implementation from year to year (unless the project is a one-time occurrence).
   - The CSA should consider the evolutionary step of making projects self-administrative after it is demonstrated that the project is sustainable (Jan. 1994).

7. **University Centre Board** *[Former Section 6]*

7.1. **Preamble**

   The University Centre Board of Directors is mandated with managing the operations of the University Centre (UC). As a central building used by students on campus for organizational and social space, and as a building that was built and continues to be funded by student fees, the CSA believes that the University Centre should be controlled by students. The current University Centre Board of Directors structure has a majority student membership, which has undergraduate members appointed on behalf of the CSA.

   In order to implement student interests at the University Centre Board of Directors, the CSA will appoint ten undergraduate representatives to the University Centre Board. These representatives will follow and abide by the “Acknowledgement and Undertaking Regarding Confidentiality and Conflict of Interest” document set out by the University Centre Board. Undergraduate representatives will not be forced or told to vote in a block but will formulate their own opinion and vote in the best interest of the University Centre, the University Centre Board, and the undergraduate students.
7.2. **Appointments**

7.2.1. To ensure a broad-based cross-section of student representation to the University Centre (UC) Board, the Vice President Student Experience will post a call for applicants interested in sitting on the University Centre Board of Directors. The call must be posted for a minimum of one week on the website and distributed via mass email.

7.2.2. The Vice President Student Experience and two (2) Board of Director members will select, from the applications received, representatives to fill any vacancies on the University Centre Board of Directors. The CSA Board shall ratify these members.

7.2.3. The criteria for selecting candidates shall be as follows: understanding of issues of student space, understanding of being an undergraduate student representative, relevant experience to the position, understanding of the role of the University Centre Board of Directors and ability to fulfill the time requirements expected.

7.2.4. Appointments to the University Centre Board of Directors shall be for a term of two (2) years, as defined by the University Centre Board of Directors Constitution.

7.3.2. UCBUSR is expected to make regular reports to the CSA Board of Directors.

7.3.3. UC Board members are expected to attend all University Centre Board of Directors meetings, and sub-committee meetings. For those circumstances where a member cannot attend a UC Board meeting, they must contact the Vice President Student Experience at least 24 hours before the meeting date. The Vice President Student Experience will then reach out to UC Board alternates, who will then be expected to attend the UC Board meeting on behalf of the absent member.

7.3.4. The UCBUSR will meet as a group to discuss the student perspective in regard to the University Centre before all meetings of the UC Board. These meetings will involve discussions amongst the student representatives (both UC Board members and alternates) in a student-based environment prior to UC Board meetings. At these meetings reports will also be prepared for the CSA Board of Directors. These meetings are for discussion purposes only. Representatives will not be forced or told to vote in a block but will formulate their own opinion.

7.3.5. The Vice President Student Experience shall chair the UCBUSR meetings.

7.3.6. For UCBUSR meetings, all members (voting and alternates) are expected to attend in order to remain informed and knowledgeable of the matters before the UC Board.
7.4. **CSA Position on the University Centre Board**

7.4.1. 9.4.2. High Volume E-mail
This mode of communication is a self-directed service for event announcements, campaign updates, general announcements and matters that are not of a critical nature.

9.4.3. Listserv
This mode of communication is opt-in only and is therefore not effective when attempting to communicate with all undergraduate students. However, this mode is very effective for small groups, committees, or clubs who wish to have discourse or communication with their members.

9.5. All forms of electronic forms of mass communication will abide by CSA and University policy including, but not limited to, the CSA By-Laws and Policy Manual, the University of Guelph Human Right Policy and Mass E-mail Policy.

• On April 30 of each school year, CCS will delete the entire list.
• After the numbers for the fall semester are available (eg. mid-August), the Vice President, Student Experience will ensure that the list is refreshed by placing a(nother) request for an HVM list.

• HVM can only be sent out after 6 pm, so as to avoid webMail’s high traffic times.

9.6.5. Listserv

9.6.5.1. Set-Up
- The group who wishes to set up a listserv, must download the correct form from the CCS website and complete the required information.

1. Bullring Policy
2. theCannon.ca Policy
3. Bus Pass Policy
1. Bullring Policy
The operation of the Bullring must maintain these principles and reflect them in the function of the Bullring

1.1. Student Space
The Bullring is student space and it should be controlled by students. The space, above all else, should be accessible to and suitable for students. The Bullring is fundamentally a coffee shop/student lounge, where activities, events, menus, catering and the like are centered around this primary function. This principle dictates that, unlike traditional commercial establishments, students should feel free to lounge without purchasing products, and may also bring in their own food. Decisions made about the operation of the Bullring are made with the priorities of student needs and financial viability.

1.2. Financial Stability
While serving students is the number one priority, the Bullring must move toward financial self-sufficiency. Only under exceptional, unavoidable and unexpected circumstances should the CSA operating budget be accessed to offset Bullring expenses.

Financial statements are to be reviewed and discussed on a monthly basis, by the Bullring Committee. Decisions regarding hourly staff wage increases, acceptable profit margins, operational improvements, capital expenditures, and other financially related matters will be made at The Bullring Committee, modeled after CSA values, in accordance with Bullring Committee Policy and Terms of Reference while maintaining independent fiscal responsibility. Revenues collected above and beyond those allocated given the aforementioned framework at year end (April 30) will be incorporated into the CSA’s Unrestricted Net Assets.

1.3. Accessibility
It is important that the Bullring be accessible to as many people as possible. The layout of the space will always be accessible to individuals with mobility issues. The Bullring shall strive to become more accessible to more students by offering a range of food and beverage options. The Bullring shall offer menu items which are affordable and healthy, as well as vegetarian, vegan, gluten-free and wheat-free food.

1.4. Ethical Standards
All products must be produced under ethical working conditions. An example of minimum workplace standards may be found in the U of G’s Code of Ethical Conduct for Suppliers. Certified organic and fair-trade products will be used whenever possible. The Bullring will take pro-active steps to minimize waste. The Bullring will use re-usable dishware, cups, and utensil wherever possible and will implement a substantial incentive/penalty system to promote the use of reusable containers for takeout.
Disposable materials will be non-toxic and biodegradable where possible.

While every effort should be made to ensure that all Bullring products are as ethical as possible, the financial viability of the Bullring shall not be jeopardized in order to introduce a more ethical product line.

1.5. Accountability
The Bullring is bound by all by-laws, policies and procedures of the CSA. The Bullring, in all aspects, is ultimately accountable to the CSA Board of Directors and must follow any board motions or directives. Any major financial or political decisions made regarding the Bullring, or decisions made that will impose financial implications on the CSA operating budget, must be approved by the CSA Board under suggestion from the Bullring Committee. Operational decisions will be made at the Bullring Committee level. A Bullring Committee will be struck every year to monitor the detailed operations of the Bullring and to provide direction, in accordance with the Bullring Committee Terms of Reference. This committee will keep public minutes which will include information presented and decisions made. At a minimum, the Bullring will present a written report once per semester to the Board. The report will include up-to-date information regarding Bullring Finances.

1.6. Programming
All programming decisions regarding internal (CSA operations) or external (other campus groups, or community members) use of the facility will be made by the Bullring General Manager in consultation with the Committee, when necessary. The Committee will conduct an annual review of the programming goals for the year during an early committee meeting, to ensure the values of the space are being maintained. Decisions regarding split-licensing for events at the Bullring will be made by the Bullring General Manager, to ensure the goals and purpose of this operation as described in 1.1 and 1.2. Events which would normally require external security personnel, such as dances, licensed student events and the like will not be permitted at the Bullring, unless approved by the Bullring General Manager on a case-by-case basis. All groups, internal or external can lose their opportunity to book this venue for functions based on previous event concerns. At the discretion of the Committee, event planning privileges by a specific group can be revoked at any time. This temporary ban will be for a period of time as deemed necessary by the Committee with a written and explicit start and end time.

2. theCannon.ca Policy

2.1. TheCannon.ca is a website jointly owned by the CSA and the Guelph Campus Co-op. This operation is bound by a Partnership Agreement signed by both parties in August 2003 and where this policy manual and the Partnership Agreement differ, the Partnership Agreement shall take precedence.

3.1.10. If the City of Guelph will not increase the bus pass opt-out limit, the CSA will seek funding from the university to cover the refunds beyond the limit.

3.3. Bus Pass Misuse Policy
The Central Student Association (CSA) recognizes that, while the majority of students use their universal bus pass (herein referred to as “pass”) appropriately, some students choose to engage in misuse. This policy reflects the need to deal with these situations in an appropriate and consistent manner.

3.3.1. Overview
3.3.1.1. Definition of Misuse: The deliberate use of a pass such that an illegitimate pass is used or the pass is used by someone other than the specific owner. This can include, but is not limited to, the direct or indirect transfer of a pass from the rightful holder to another and its subsequent use, or the copying of a pass through photocopying or any other means (except as sanctioned by the Registrar’s Office). This definition applies equally to those who otherwise rightfully possess a pass and those who do not.

3.3.1.2. Additional Passes: It shall not be determined misuse if an individual uses a replacement pass legitimately obtained from the Registrar’s Office in lieu of a lost or stolen pass. However, the use of passes obtained from the Registrar’s Office through a deliberate misleading of University staff shall be deemed misuse.

3.3.2. Enforcement
3.3.2.1. Enforcement of the misuse policy shall fall primarily upon the staff of Guelph Transit. They shall monitor the passes at the point of use to ensure that the passes are not being misused.

3.3.2.2. If a staff member of Guelph Transit has reason to suspect a pass as being misused, he or she may confiscate the pass and student card of the individual.

3.3.2.3. Subsequent to action as outlined in section 3.3.2.2, if the CSA discovers that the case is a wrongful allegation of misuse, the CSA will waive the replacement fee. If the allegations turn out to be correct, the CSA will charge for the replacement of the bus pass.

3.3.3. Fees
3.3.3.1. Students who seek to replace their bus pass without the original sticker will be charged a replacement fee. The price of this replacement fee and the allocation of the proceeds shall be determined by the Transit Committee.

4.3.6 During the Winter Semester, leaflets and posters advertising CSA job vacancies must be distributed by the Clubs Coordinator to all clubs and organizations. These posters must also be distributed through the CSA poster run the week preceding the application period opening.

4.4 All above employment vacancies are to be filled only by a committee duly appointed by the Board. Each hiring committee shall be composed of at least one CSA Executive member, at least one Board member and one staff member (may or may not be previous holder of the position). At the conclusion of its duties, the hiring committee shall present a report to the Office Manager which includes the person recommended for the position, the number of applicants interviewed and the type and length of advertising. All new staff must be ratified by the CSA Board before commencing employment. The CSA Board shall not ratify any new staff for positions where there is an outstanding grievance filed in connection with the hiring process. The names of and discussions with or about any other candidates shall remain strictly confidential. The hiring committee shall meet to conduct short-listing within one week after the close of the posting period, and to complete interviews within two weeks after the close of the posting period. Recommendations for hiring shall be presented at the end of these two weeks. All efforts shall be made to have the entire hiring process completed before the commencement of the winter examination period.

4.5 When hiring new employees, the emphasis should be to view the position as one in which specific experience can be gained.

4.6 Internal CSA applicants will be considered equally with other applicants and will take priority only if they and the other applicant appear to be equal in qualifications, as an internal candidate’s prior knowledge of and experience with the CSA are legitimate factors in selecting a candidate.
4.7 No CSA part-time contract employee shall work more than an average of 15 hours per week if they hold more than one contract with the CSA, unless there is an overlap between a position that ends September 30 and another position that starts September 1. If the candidate has applied for one or more jobs at the CSA, the candidate has the right to withhold their acceptance of an offer until they have heard from other CSA hiring committees.

4.8 The CSA is committed to employment equity and to the creation of a working environment that is welcoming for all applicants. We particularly encourage applications from women, Aboriginal peoples, persons with disabilities, racialized people, international students and members of Queer communities.

The following is an outline of the steps taken in this process:

4.8.1 Advertisement for these positions shall be carried out in accordance with Section 4.3.

4.8.2 All applicants are encouraged to complete an electronic Employment Equity Form during the application process. The CSA Office Manager will keep the forms on file.

4.8.3 In selecting successful applicants, hiring committees shall apply the principle of merit while striving to ensure that those selected represent the diversity of the university community. In addition, hiring committees will carry out responsibilities in accordance with Section 4.4.

4.8.4 Following the conclusion of the hiring procedures, for year-to-year comparative purposes, aggregate data derived from the Employment Equity Forms will be retained by the CSA. Upon completion of the annual hiring processes, all Employment Equity Forms will be destroyed.

4.9 Every effort will be made to make the application process accessible to applicants with disabilities. Applicants who may require accommodations during the application process, must contact the Office Manager to make appropriate arrangements in advance.

4.10 All candidates who are offered a position shall confirm their acceptance by signing a document that includes the job title, the base salary rate, the date of commencement of employment and the term of employment. If the candidate selected for a position refuses the job offer, selection shall devolve to the second choice. In the case of a second choice being unavailable or at the discretion of the Hiring Committee unacceptable, the hiring process shall be re-initiated.

4.11 If an applicant has an issue with the hiring process under this policy, they may file a complaint under the Complaint Resolution and Grievance Procedure, Policy 13.0. Any grievance filed by an unsuccessful candidate must be submitted to the President within seven days of receipt of notification that they were not hired.

Appendix C – CSA Human Resources Policy

5.0 Orientation and Training

The purpose of orientation of new staff is to introduce them to the goals of the CSA; to ensure that they have grasped and are comfortable with all of their new duties, responsibilities and privileges; to ensure that they have received adequate training and job preparation; and to ensure that they are properly and happily integrated into the CSA environment.

5.1 The package to be given to all new staff shall include, at the minimum; a copy of this policy; a copy of their contract when applicable; a job description of the position; a copy of the CSA's by-laws or constitution, and applicable Manual of Operations when available.

5.2 Pursuant to their job descriptions, outgoing staff members shall be actively involved in the training of their successor. Incoming staff members shall receive an honorarium, as determined by the CSA Human Resources & Services Manager, for mandatory training with their respective outgoing staff members in the final two weeks of their contracts. The outgoing and incoming staff members shall meet for a minimum of three hours during this period. Additionally, the immediate supervisor, and when possible the CSA Human Resources & Services Manager, shall keep close watch of the new employee during the initial weeks of employment.

5.3 It is the responsibility of the immediate supervisor of new staff members, and whenever possible, the Human Resources & Services Manager, to monitor the progress of new staff members and to provide feedback to him/her them within the first three weeks of employment.

5.4 The Policy & Transition Manager shall ensure that a Manual of Operations for each area under the supervision of the Executive is prepared and updated regularly. The Executive Committee, under the leadership of the President, shall develop an annual training plan to ensure all new staff, Board Members and Executive receive a proper orientation and sufficient training to be able to successfully carry out their responsibilities.

5.5 The Human Resources & Services Manager and President will designate one training day each semester. All staff members must attend the training day which is closest to their contract start date. This day will be held within the first three weeks of the fall semester. This training day will include an anti-oppression workshop, a student risk management workshop, a Business Office workshop, a Front Office workshop and any other training sessions as deemed necessary by the Executive. This training day will be developed during the summer, and incoming staff will be notified of each training day at least one month in advance.

5.6 The President shall recommend a discretionary training budget amount to enable professional development training to take place whenever possible and practical. Professional development training shall take place when opportune. Reimbursement
for job-related seminars or courses shall be approved in advance by the President; shall be contingent on funding availability and budgetary allocations, as well as by the successful (as determined by the President) completion of the seminar or course.

6.0. **Contracts and Personal Records**

6.1. Every staff member shall have a personal records file maintained for them. There shall be only one file per employee which shall be held by the Human Resources & Services Manager and/or Policy & Transition Manager. These files shall only be used for the legitimate purposes relating to employment, such as performance evaluation, pay increases, disciplinary action, contract renewal or rehiring, and may only be viewed by the employee, Human Resources & Services Manager or confidentially by members of specially appointed Board of Directors Committees. Files shall be kept in a secure place and updated when necessary.

6.2. The standard contents of each file shall be: Employee’s resume; job description; offer of employment; letter of acceptance or employment agreement; personal information relevant to health and/or emergencies; record of time (vacation, lieu-time, leaves of absences, etc.); documents pertinent to employee performance.

6.3. In order for information in the file to be used for purposes outside of organization business, the employee must give written consent. Staff members may view their files upon request. Any staff member may add to his/her file any documents which he/she wishes.

6.4. Employees’ personal records shall be kept confidentially by the CSA for a term of five years after the employment ends, and then destroyed.

7.0. **Amendments to Staff Contracts**

From time to time, the CSA may find the need to amend a staff contract after an individual has been hired for a position. Any aspects may be amended as necessary, whether it is the date of employment, change in hours, rate of pay, job description, etc. It is recognized that a person’s employment is part of their livelihood, and changes to their employment should be handled with expediency, and with the proper consultation.

7.1. Amendments to a staff contract must be handled via the following procedure:

7.1.1. A meeting is to be set up between a staff member and an Executive supervisor and may be called by either individual. This meeting shall be to draft a proposal for what changes should be made to the staff member’s contract. If necessary, more than one meeting may be set up.

7.1.2. The supervisor will set up a meeting with his/herself, the staff member and the Human Resources & Services Manager. At this time, the proposal agreed upon by the staff and supervisor shall be presented to the Human Resources & Services Manager, who will then ask any questions necessary.
7.1.3. The Human Resources & Services Manager will, as often as necessary, perform any research needed to verify the necessity and the drawbacks of approving the proposal, then reconvene another meeting, if necessary.

7.1.4. At such a time where an agreement is met by all parties involved, an amended job contract will be drafted, and signed by the President, the staff and their supervisor, at which point the changes become binding.

7.2. For any changes to staff contracts that would increase the total pay of an employee, funds must be available within the CSA to cover these increases, as determined by the President. If these funds are not available, the matter shall be referred to the Finance Committee, and if necessary, the Board of Directors.

7.3. Changes made in this fashion may or may not set a precedent for future job postings. The determination of whether the changes made will have an impact on future job postings can be made by the Human Resources & Services Manager.

8.0. Extension of Staff Contracts [Former Section 11.0]

Preamble
It is recognized that certain support staff positions at the CSA have an impact on the overall operations and functioning of the organization. These positions require a significant amount of time for the organization, specifically Executive and supervising staff, as well as the employee for training, skill development, and sustaining a specific level of operational capacity. In these situations, it would benefit the CSA to have an employee, upon favourable evaluation, remain in their position for longer than a one-year term. In addition, it provides the employee with the opportunity to apply their training and develop their skills for a longer period of time. This benefits the organization and the employee.

8.1. Extension of Specific Positions [Operational]

8.1.1. Part-time support staff members who hold a fixed-term contract may have their contract extended. These part-time support staff member positions are: Assistant Returning Officer, Board Chair, Board Scribe, Chief Returning Officer, Front Office Assistant(s), SERM Coordinator and Poster Runners.

8.1.2. Contract extensions may be approved based on positive performance reviews: 1) during the regular evaluation period (probation) and 2) prior to the hiring period as well as a recommendation from the Executive supervisor.

8.2. Extension of Part-Time Staff Contracts Hired Mid-Term

If any part-time fixed-term contract employee has been hired mid-term, the contract may be extended by 12 months on May 1, pending a favourable evaluation from the Executive supervisor.
9.0. **Staff Evaluation**

9.1. The focus of the staff evaluation process is on employee development. It is intended to be an opportunity to review performance against pre-determined performance standards and to set action plans that will promote employee development and improved performance.

9.2. During the first two weeks of employment, the Human Resources & Services Manager will co-ordinate the distribution of the staff evaluation form to each staff member. Staff members will fill out applicable sections of the form and submit the form to the Human Resources & Services Manager. The Human Resources & Services Manager will ensure that all staff evaluations are completed within the three-month probationary period.

9.3. Staff evaluation forms must be completed and received by the respective supervisors by the end of January. All staff evaluations will be reviewed by the Human Resources & Services Manager and Policy & Transition Manager, who may endorse the recommendations of the supervisor, or make additional recommendations as he/she sees fit.

9.4. Two copies of the evaluation and any arising recommendations are to be made. One is to be given to the employee, and the other to remain in the employee's Personal Record.

10.0. **Salary and Benefits** *[Former Section 16.0]*

10.1. Salary ranges and individual rates of pay for each CSA position shall be determined in accordance with the budget limits, qualifications required, and prior salary ranges for that position. Employment equity is to be maintained according to the directives of the province of Ontario.

10.2. The Staff Representatives and the CSA Finance Committee shall meet annually during the setting of the following year’s budget in order to discuss and make recommendations for global percentage salary increases, which shall take effect at the beginning of the following fiscal year or at the filling of any position by a new employee.

10.3. Individual salary increases over and above the annual global percentage increase may be granted in circumstances where the employee’s performance demonstrably merits such action. It is the employee’s immediate supervisor’s responsibility to make a recommendation for a salary increase to the Executive Committee. The recommendation must be supported by written justification including the employee’s performance evaluation. All such increases are to be within the set salary range of each position unless significant changes in the job description have taken place.

10.4. Benefits for full-time contract and full-and-part-time permanent staff include transportation subsidies (e.g. parking stickers for staff who regularly drive to the university
10.5. Salary payment will be made bi-weekly with appropriate tax, EI and CPP deductions.

10.6. Permanent full-time permanent part-time, full-time contract employees, as well as the elected Executives are eligible for a lump payment equal to a percentage of their annual salary as a contribution towards either a retirement plan or education plan, of their choice. The percentage shall be determined as follows:

1-2 years of service 3%
3-4 years of service 4%
5-6 years of service 5%
7-8 years of service 6%
9-10 years of service 7%
11-12 years of service 8%
13-14 years of service 9%

+20 years of service 20 working days or 8.0% vacation pay

These vacation days must be taken during the 12 month period or they will be forfeited. Vacation periods are not cumulative from year to year. If vacation days are not taken, then accrued vacation pay will be paid on the last pay cheque of the fiscal year.
11.3. When a salaried staff member has not completed one full year of continuous employment as of April 30 in a given year, vacation entitlement accrues at the rate of one full day per full month of employment to a maximum of ten working days.

11.4. Notification of vacations to be taken by employees must be received two weeks in advance in order to ensure that CSA operations are maintained.

11.5. Any additional vacation periods shall be taken at the discretion of the Executive Committee and shall be unpaid.

11.7. The following days are considered paid holidays: Public holidays: Victoria Day (May 24), Canada Day, August Civic Holiday (first Monday in August), Labour Day, Thanksgiving, Christmas Day, Boxing Day, New Year's Day and Good Friday. At the discretion of the Executive Committee, additional time off (e.g. at Christmas) may be provided. Additional paid holidays may also be determined by the Executive Committee which may include religious holidays of obligation.

12.0. Overtime

12.1. Overtime taken by employees shall be compensated for by equivalent time off.

12.2. Any overtime hours exceeding seven (7) hours in one pay period must receive prior approval from the President and should only occur in exceptional situations.

12.3. A staff member wishing to work less than seven (7) hours overtime, must receive prior approval from their Executive supervisor.

12.4. If an employee works over 44 hours, after receiving prior approval, in a week then overtime shall be paid at a rate of time and a half. However, an employee may choose to take time in lieu instead of receiving overtime pay.

12.5. Consideration for time in lieu, or time off, to compensate for overtime must be made by the staff member and the President and Human Resources & Services Manager in order that sufficient notice may be given to appropriate personnel.

13.0. Staff Communications [Former Section 12.0]

13.1. The CSA encourages open and regular communication between staff, Executive and Board members, and welcomes requests for information and suggestions on how communication may be improved on an ongoing basis.
13.2. The CSA Permanent Staff and Bullring Manager shall be invited to Executive Committee meetings as non-voting guests for the purpose of increasing the lines of communication and coordinating CSA events. This discussion shall be scheduled first on the agenda and coincide with targeted periods of activity. Examples would include, but not be limited to: Survival Guide distribution, fall orientation, homecoming, significant live events, elections, hiring and Days of Action. The President shall be responsible for making the determination and notifying the above noted staff members.

13.3. The CSA staff and Executive Committee shall meet regularly during paid office hours; or if the meeting is held outside of regular hours, the time taken to conduct such a meeting shall be construed as overtime and shall be compensated for as in Section 17.

13.4. The purpose of staff meetings shall be to discuss the activities and operations of the CSA; to maintain the lines of communication between the staff and Executive committee; to bring to the attention of the staff any issues that affect the CSA as a whole; to bring to the attention of the Executive and/or other staff any general staff issues that should be discussed.

13.5. Staff meetings shall occur at least once every four weeks; and preferably at least every two weeks. The CSA is mandated to close the office in the event of a staff meeting.

14.0. Progressive Discipline Process *(Former Section 7.0)*

We want all our employees to succeed in their jobs. Some issues or disagreements can easily be resolved by speaking with your supervisor.

Corrective action is designed so you will have an opportunity to learn what the CSA requirements are and have a chance to correct the problem. If there is a problem with your performance or conduct, a member of the Human Resources Support Team will act in an advisory capacity for the supervisor.

The Progressive Discipline process outlined below will be followed, depending on severity.

**14.1. Counselling**

If there has been a problem with performance or conduct, your supervisor will discuss it with you. This is the time to make sure you understand exactly what went wrong and how to keep it from happening again. Your supervisor will make a note in your employee file about what you discussed in the counselling session.

**14.2. Verbal Warning**

If a problem recurs, your supervisor will discuss it with you again. The consequences of further recurrence will be explained to you at this point. Your supervisor will make a note
in your employee file about what you discussed in the verbal warning and expectations going forward.

14.3. **Written Warning(s)**
If a problem recurs, your supervisor will discuss it with you again and put a formal written warning in your employee file. The written warning, signed by both you and your supervisor, will record what happened; how you should correct the problem; what the next disciplinary stage will be if the problem is not corrected; and any comments you would like to include.

14.4. **Suspension**
After the written warning(s), if your conduct or performance continues to be unacceptable, you will be suspended from work without pay. The length of the suspension will depend on the seriousness of the problems (one day, three day, or five day). You will be warned that if you do not correct the problem, you will be terminated for just cause, without further notice.

14.5. **Termination**
You will be terminated for just cause and without further notice if unacceptable performance or conduct continues after you return from suspension.

The stages of progressive discipline exist to help you correct any difficulties you are having on the job. However, if a serious incident occurs, such as one that threatens the safety of employees or our operations, the CSA may skip stages in the progressive disciplinary process and move directly to written warnings, suspensions and/or termination without the need for prior disciplinary action. Counselling notes, warnings or suspensions will remain active in your file for three years, unless further incidents occur.

15.0 **Complaint Resolution [Revised]**
It is the desire of the CSA to have a harmonious relationship with all employees. Any Executive member, Board member, staff member, volunteer or job applicant who feels they have just cause for a complaint is encouraged to seek resolution under this procedure at the earliest possible time. The Complaint Resolution Procedure is intended to provide a fair and equitable means of addressing problems or disputes that may occur. A Human Resources Support Team is in place to ensure fair, consistent procedures are in place for all CSA members.

15.1 **Human Resources (HR) Support Team**
The Human Resources Support Team is charged with the responsibility of providing HR support to all CSA and CSA Bullring employees, volunteers, Executive and Directors. This support includes requisite guidance to all Supervisors, including Executive Supervisors, who initiate the Progressive Discipline Process. The HR Support Team consists of the Business Manager, the Office Manager and the Bullring General Manager (GM).
- Members of the HR Support Team are required to work in consultation and collaboration with the appointed external HR consultant(s)
- Members of the HR Support Team are required to be trained in anti-oppression, inclusivity, conflict resolution, investigatory processes, HR compliance and applicable legislation training
- The HR Support Team is permitted to seek advice from outside legal counsel
- Only one member of the HR Support Team will serve as the first point of contact for individuals seeking HR support
- HR Support Team members may seek advice from another member of the HR Support team
- The Bullring GM is the first point of contact for Bullring HR complaints. However, in the event a complaint is made against the Bullring GM, the complaint will be referred to one of the other team members
- The Business Manager or the Office Manager is the first point of contact for all non-Bullring HR complaints. In the event a complaint is made against one or both CSA Managers, the complaint may be referred to the Bullring GM
- Should a supervisor deem it necessary to initiate the Progressive Discipline Process, a member of the HR Support Team must support and provide guidance throughout the entirety of the process
- Newly-hired employees who require an Accommodation Plan will be directed to a member of the HR Support Team who will, in turn, work with the new hire to create an appropriate plan. The HR Support Team member is responsible for communicating the details of the Accommodation Plan to the Executive Supervisor and the Immediate Supervisor/Team Leader, when possible, prior to the start date

15.2 Complaint Resolution Procedure
15.2.1. CSA members are encouraged to first try to resolve their complaint directly with the person with whom they have an issue.
15.2.2. If there is a complaint that cannot be resolved directly, the complainant is encouraged to bring their concerns forward to the appropriate member of the HR Support Team to request a meeting.
15.2.3. The HR Support Team Member will set up a meeting within five (5) working days. During the meeting, the HR Support Team Member will ask for details regarding the concern and how the complainant would like to proceed. The HR Support Team Member will discuss options on how to move forward in a positive and constructive manner.
15.2.4. The HR Support Team Member will track the resolution process over a period of time with the complainant. If a resolution is not found, the HR Support Team Member will contact the external CSA HR Consultant for advice and support on next steps. Final decisions regarding resolutions will be made together by the President and the investigating HR Support Team Member.
16.0 Workplace Harassment and Violence Policy [Former Section 25.0]

The Central Student Association (CSA) is committed to providing a workplace in which all employees are treated with respect and dignity. The purpose of this policy and program is to prevent workplace harassment and violence and to provide and maintain a professional working environment for all.

Any Executive member, Board member, staff member, volunteer or job applicant who feel they have just cause for a complaint is encouraged to seek resolution under this policy at the earliest possible time.

This policy also applies to situations in which you feel you have been harassed or encountered a violent situation in the workplace from individuals who are not employees of the CSA, such as customers and/or members of the public. The available outcome, however, may be constrained by the situation.

Workplace Harassment and Violence may occur in a variety of different locations in which you are engaged in work-related activities. This includes, but is not limited to:

- the workplace, work-related travel
- telephone, e-mail, other communications, or any work-related social event whether it is CSA sponsored or not.

16.1. Workplace Harassment and Violence Program

It is our mutual responsibility to ensure that we create and maintain a harassment-free and violence-free workplace, and address violence and/or the threat of violence from all possible sources.

The CSA will do its part by not tolerating or condoning discrimination, harassment, or violence in the workplace. This includes making everyone in our organization aware of what behavior is and is not appropriate, assessing the risk of workplace violence, investigating complaints, and imposing suitable corrective measures.

The CSA has the following measures in place:

- doors are locked when the office is closed, keyed entrance/exit only
- a system for quick communication via telephone and computer
- managers in the office are readily accessible
- an employee who comes into work outside of normal office hours will provide prior notice to their manager of when they will be at the office
- staff are not scheduled to work alone during an event.

Employees who anticipate or fear a possible risk of violence in the workplace have the right to refuse to perform work as outlined under the Occupational Health and Safety Act.
The CSA encourages employees to bring forward suggestions for further workplace violence prevention measures. Employees with suggestions for further input should report the same to a member of the HR Support Team or a member of the Joint Health and Safety Committee (JHSC).

Management is expected to adhere to this policy, support the workplace violence program and ensure that the measures outlined in it are followed. Managers are responsible for responding to employee concerns, for taking reasonable precautions and for instructing employees in measures to protect employees.

Employees are expected to adhere to this policy and to support the workplace violence program. This includes reporting incidents of threatening or violent behaviour whatever the source. Employees are not to engage in any behaviours that contravene this policy. Doing so, or making false accusations of violence, may be cause for disciplinary action, up to and including dismissal.

16.2. Ontario Occupational Health & Safety Act (OHSA) Definitions

16.2.1. Workplace Harassment and Bullying

The OHSA defines workplace harassment and bullying as:

- engaging in a course of vexatious comment or conduct against a worker in a workplace that is known or ought reasonably to be known to be unwelcome, or
- an aggressive behavior of harassment or violence, usually directed towards one person.

Workplace harassment and bullying may have some or all of the following components:

- vulgar and/or aggressive language
- intimidates, isolates, or discriminates against someone
- hostile, abusive, or inappropriate
- generally repetitive, although a single serious incident may constitute workplace harassment if it undermines the recipient's psychological or physical integrity and has a lasting harmful effect
- affects the person's dignity or psychological integrity
- results in a poisoned work environment.

Some examples of workplace harassment and bullying are:

- verbally abusive behaviour, such as yelling, insults, ridicule, and name calling, including remarks, jokes, or innuendoes that demean, ridicule, intimidate, or offend
- workplace pranks, vandalism, bullying, gossip, hazing and humiliation
• excluding or ignoring someone, including persistent exclusion of a person from work-related social gatherings
• offensive or intimidating telephone calls or e-mails.

Harassing comments or conduct can make the environment a hostile or uncomfortable place to work even if the person is not being directly targeted. This is commonly referred to as a poisoned working environment and it is a form of harassment.

A poisoned work environment may include:

• deliberately excluding or socially isolating another individual from the team
• displaying offensive or sexual materials, such as posters, pictures, calendars, websites or screen savers
• distributing offensive e-mail messages or attachments, such as pictures or video files
• practical jokes that embarrass or insult someone
• jokes or insults that are offensive, racist or discriminatory in nature.

What Does Not Constitute Workplace Harassment and Bullying

Workplace harassment should not be confused with legitimate, normal workplace conflict or differences of opinion between individuals or reasonable management actions, including, but not limited to:

• measures to correct performance deficiencies, such as placing someone on a performance improvement plan
• imposing discipline for workplace infractions
• requesting reasonable documents in support of an absence from work.

16.2.2. Workplace Sexual Harassment

The Occupational Health & Safety Act defines workplace sexual harassment as:

• engaging in a course of vexatious comment or conduct against an employee in a workplace because of sex, sexual orientation, gender identity or gender expression, where the course of comment or conduct is known or ought reasonably to be known to be unwelcome, or
• making a sexual solicitation or advance where the person making the solicitation or advance is in a position to grant or deny a benefit or advancement to the employee and the person knows or ought reasonably to know that the solicitation or advance is unwelcome,
• conduct or comments of a sexual nature that the recipient does not welcome or that offend them.
Some examples of workplace sexual harassment are:

- sexual advances, demands or leering (persistent sexual staring) that the recipient does not welcome or want
- displaying or distributing sexually offensive material, such as posters, pictures, calendars, cartoons, screen savers, pornographic or erotic websites or other electronic material
- sexually suggestive or obscene comments or gestures or unwelcome remarks, jokes, innuendoes, propositions, or taunting about a person’s body, clothing, or sex
- persistent, unwanted attention after a consensual relationship ends
- threats, punishment or denial of a benefit for refusing a sexual advance
- offering a benefit in exchange for a sexual favour
- sexual assault.

16.2.3. Workplace Discriminatory Harassment

Workplace discriminatory harassment includes comments or conduct based on the protected grounds in the Ontario Human Rights Code which the recipient does not welcome or that offends them.

Some examples of discriminatory harassment include:

- offensive comments, jokes, or behaviour that disparage or ridicule a person’s membership in one of the protected grounds
- imitating a person’s accent, speech, or mannerisms
- persistent or inappropriate questions about whether a person is pregnant, has children, or plans to have children
- inappropriate comments or jokes about an individual’s age, sexual orientation, personal appearance or weight.

The Test of Harassment

It does not matter whether you intended to offend someone; the test of harassment is whether you knew or should have known that the comments or conduct were unwelcome to the other person. For example, someone may make it clear through their conduct or body language that the behaviour is unwelcome, in which case you must immediately stop that behaviour.

Although it is commonly the case, the harasser does not necessarily have to have power or authority over the recipient.
16.2.4. Workplace Violence

At the CSA, we are committed to the prevention of any type of violence that may occur in the workplace that endangers or threatens the safety of our employees. We will take every reasonable precaution to protect our employees from workplace violence from all sources. Violent or threatening behaviour is unacceptable from anyone. All Executive members, Board members, staff members and volunteers are expected to participate in the prevention of workplace violence.

The Occupational Health & Safety Act defines workplace violence as:

- the exercise of physical force by a person against an employee, in a workplace, that causes or could cause physical injury to the employee
- an attempt to exercise physical force against an employee, in a workplace, that could cause physical injury to the employee
- a statement or behaviour that it is reasonable for a worker to interpret as a threat to exercise physical force against the employee, in a workplace, that could cause physical injury to the employee.

Workplace violence includes:

- physically threatening behaviour such as shaking a fist at someone, finger pointing, destroying property, throwing objects
- verbal or written threats to physically attack a worker
- leaving threatening notes or sending threatening e-mails
- stalking someone
- physically aggressive behaviours, including hitting, shoving, standing excessively close to someone in an aggressive manner, throwing objects, physically restraining someone, or any other form of physical or sexual assault.

16.2.5. Domestic Violence

Where an employee becomes aware that they themselves or another employee may be subject to domestic violence that could expose the person to physical or psychological injury in the workplace or otherwise, the employee should report this concern to a member of the Human Resources Support Team (Bullring General Manager, CSA Business Manager or CSA Office Manager). In conjunction with the employee, the CSA will take reasonable steps to investigate the concern and provide support and protection.

Measures may include:

- screening calls and blocking specific e-mail addresses
- providing an escort to your vehicle or public transit

16.3. Reporting and Investigation of a Complaint or Incident

16.3.1. Reporting a Complaint or Incident

An employee who receives a threat, is the victim of a violent or harassing act, or who witnesses a violent or harassing act against another employee is to report the incident or complaint to their supervisor, who will in turn, immediately inform the CSA Business Manager. If the complaint involves the supervisor, employees shall contact the CSA Business Manager directly. Should the CSA Business Manager be involved in the complaint or incident, the supervisor shall immediately inform the CSA Office Manager.

Reports may be in person, by telephone, e-mail or in writing and must include:

• the date, time and location
• details of the threat or violent act
• names of the alleged perpetrators (if known) and the names of any witnesses.

The CSA Business Manager (or designate) shall take immediate steps to investigate the complaint and address the incident if it is ongoing. In collaboration with the CSA external HR Consultant and if warranted, the CSA will advise the police.

16.3.2. Investigation Procedure

The CSA Business Manager (or designate) is appointed as ‘the Investigator’ and will work with the retained external HR Consultant or an impartial third-party investigator. In the event the CSA Business Manager is unavailable or involved in the incident, the complaint shall be directed to the CSA Office Manager who will be the Investigator as per the procedure set out below. Members of the HR Support Team can seek advice and support from each other as needed.

In incidents of harassment, actual or attempted physical violence, or threats, the following is the investigation procedure that the CSA will follow:

1. The complainant will advise their supervisor, who will immediately notify the Investigator of the incident (as outlined in “Reporting a Complaint or Incident” Section).

2. As soon as possible, the Investigator will meet with the complainant to review the complaint, confirm the facts and advise the complainant of the
process for conducting a formal investigation. At this point, the Investigator and the complainant may consider an informal process to resolve the issue or decide to proceed with a formal investigation.

3. In either case, the Investigator will make notes about the event based on the complainant’s statements and the complainant will be given the opportunity to review the notes and respond via email or in writing that the details are accurate. If an information process is decided upon, the Investigator will document the resolution and get written approval from the complainant. This documentation will be placed in a confidential and secure HR file.

4. If a formal investigation is warranted, the Investigator will advise the person against whom the complaint was made (‘respondent’) of the complaint and will meet with the respondent to discuss the matter. The respondent will have the opportunity to put forward their understanding of the events and the names of witnesses, if any. The Investigator will make notes and the respondent will have the opportunity to review the notes and affix their signature to indicate accuracy.

5. If there are facts in dispute or additional information is required to make a fair assessment, the Investigator will interview witnesses. The Investigator will prepare notes based on those interviews and the witness(s) will review and sign to indicate accuracy. Any material evidence related to the incident such as e-mails, voice mails, and/or video recordings, will be collected by the Investigator to review.

6. Once the investigation is complete, the Investigator will prepare a written report of the facts in collaboration with the external HR Consultant. This written report will be presented to the President. If the complaint is made about the President, the Investigator will meet with a Member of the Board as appointed by the Board of Directors.

7. The final resolution of the complaint will be made in consensus with the CSA Business Manager (or delegate), President (or delegate), and the external HR Consultant. Both the complainant and the respondent will be notified of the results of the investigation and any corrective action to be taken.

8. Complaints and notes of investigation(s) are to be stored separate from employee records. These confidential documents are to be stored in a locked, secured file in the Business Manager’s office for a period of five years.

Confidentiality will be reinforced to all parties of the investigation and by the Investigator such that personal information will not be disclosed except to the extent that it is necessary for the purposes of completing the investigation. All
parties are expected to keep confidential, their knowledge of and involvement in the matter and to treat all others involved with respect.

The CSA reminds all employees that reprisals against any employee for making a complaint or for participating in an investigation will not be tolerated. Likewise, the use of this policy for improper purposes will not be tolerated. If an employee is found to have made an intentionally false complaint, the employee will be subject to disciplinary action up to and including dismissal.

2. CSA Interaction with other Organizations

At the CSA Board meeting on March 27, 2019, 
Appendix E: Issues and Organizational Policy 
was amended and split into two policies: 

Appendix E: Organizational Policy 
and 
Appendix I: Issues Policy.
1. **Policy on the University of Guelph**

1.1 **Decision-Making Bodies**

1.1. **Preamble**

The students of the University of Guelph comprise the largest group of stakeholders within the campus community. As such, to ensure the University is accountable to students and representative of student needs, the University must ensure student representation on committees and governing bodies. Representation on such bodies should comprise of a representative sample of the University of Guelph community, as determined by enrolment and other means.

1.2 **Policy**

The CSA supports:

- the right of students’ unions to democratically decide who will represent students on such bodies.

The CSA opposes:

- the recognition of any individual student or student group that is not elected by students or appointed by an officially recognized students’ union or association as a student representative for the purposes of representing the needs or interests of students on any advisory or decision-making body.

1.2.1 **Policy with Board of Governors**

As the highest decision-making body of the University of Guelph, it is the Board of Governor’s duty to ensure student representation on this body with full participation rights. Student representation should be proportional to the extent that students make up membership of the University of Guelph community.

The Board of Governors must be accountable to the university community, the citizens of Guelph, the Province of Ontario, and all stakeholders within the University. All representatives to the Board of Governors should be democratically selected, and all representatives should be held accountable to their membership for the decisions they make. The Board of Governors should be substantially made up of internal members of the University of Guelph community, who have a vested interest in its decisions and direct knowledge of University and post-secondary issues.
The Board of Governors, as the governing body of a publicly funded institution, makes decisions that affect the University of Guelph community. All deliberations and decisions of the Board of Governors, including financial decisions, must be public knowledge. Students, as major stakeholders in the University of Guelph, have the right to be informed of the agenda and priorities of, and any decisions made by the Board of Governors.

The CSA, as the recognized representatives of undergraduate students, must make every effort to inform its membership of Board of Governors decisions that affect its membership. The CSA must link communicate with the elected Board of Governors student representatives in order to both provide input and receive information on Board of Governors activities.

1.2.2. Policy with Senate

The CSA believes that as students are major stakeholders in the University of Guelph, and that as the University of Guelph Senate makes decisions affecting the lives of students, students should continue to have full participation rights on the Senate, proportionate to the extent that students make up the University of Guelph community.

The CSA, as the recognized representatives of undergraduate students, must make every effort to inform its membership of Senate decisions that affect its membership. The CSA must link with the elected Senate student representatives in order to both provide input and receive information on Senate activities.

1.2.3. Policy with Other University Committees

The CSA shall ensure, to the best of its ability, that student representation is actively present at all university committee levels that make decisions or recommendations that impact on the lives of students. The CSA shall maintain active communication with such student representatives.

1.3. Fees

1.3.1. Tuition Fees

1.3.1. Policy of CSA Autonomy and Fees

The CSA believes that tuition fees are a regressive form of taxation for education that combined with other factors limits students' right to education. The CSA believes that tuition fees treat education as a commodity to buy and sell and ignores education as a human right that combined with other factors limits students' right to education. The University of Guelph Board of Governors must not approve any tuition fee increases, whether within Ontario government guidelines or otherwise. The Board of Governors should instead freeze tuition
fees or reduce tuition fees as a provisional measure, while actively working towards the elimination of tuition fees, as outlined in Article 13 of the International Covenant on Economic, Social and Cultural Right, to which Canada is a signatory.

1.3.2. Ancillary Fees

The CSA believes that ancillary fees levied by the University of Guelph to pay for certain programs and services are a regressive form of university funding is ignorant to the already high cost of education when these services should be funded by the university. The CSA believes that it is the university's responsibility to fund programs and services that are controlled by the university administration.

The CSA endorses the University of Guelph's agreement concerning the regulation and management of compulsory ancillary fee revenues, as an interim measure to the elimination of student compulsory ancillary fees, as contained in the “Compulsory Non-Tuition Fee Agreement” (January 1994).

The CSA believes that efforts of the University of Guelph to generate additional revenues by the institution of certain fees-for-service, deposits and overpricing of university documents, manuals and services is a regressive form of university funding that is damaging to students, and all efforts must be made to counteract this type of funding.

1.3.3. International Student Fees

The CSA believes that differential fees for international students is a discriminatory policy. The CSA believes that the University of Guelph Board of Governors must eliminate differential fees for international students.

The CSA supports the University of Guelph's Cohort Fee system for international students. The CSA demands the following from the University of Guelph Board of Governors:

1.3.3.1. The elimination of differential fees for international students.
1.3.3.2. The end to University of Guelph profiteering from differential fees from international students.

The CSA calls for support of the right of international students to work in Canada, and that they be eligible for all forms of educational, health and legal assistance provided in Canada at no additional cost to the student.

1.4. Academics and Course Structure

The CSA believes that academic courses offered at the University of Guelph should be of high quality, and should offer students an opportunity to fulfill the
mission and Learning Objectives of the University of Guelph. Academic courses should be designed to promote learning, creativity, and original thought.

The CSA believes that as students are the users of the academic course structure at the University of Guelph, they should have significant input in the decisions on the structure and content of courses offered, through such bodies as Senate, college committees and departmental committees.

The CSA calls on the University of Guelph to offer courses that reflect the diversity of the student body, and offer students the opportunity to explore, among others, social, cultural, political and historical areas that have been traditionally marginalized by the broader socio-economic context of Canada.

1.5. Human Rights Issues at the University of Guelph

The CSA believes that it is the duty of the University of Guelph to provide full-time, professional, quality counseling and resources around issues of human rights on campus.

The CSA endorses the Human Rights at the University of Guelph document and calls on all members of the University of Guelph community to be aware of the problem of human rights issues on campus, to take responsibility for not promulgating human rights abuses, and to provide understanding and support to victims, and to proactively work towards a culture on campus where human rights are respected.

The CSA recognizes the importance of the work of the Diversity and Human Rights Office at the University of Guelph as an autonomous organization that seeks to eliminate human rights violations.

1.6. Admissions Policy

The CSA recognizes that a variety of social, economic and cultural factors may affect the academic performance in secondary school of those applying to the University of Guelph. The CSA recognizes that in order to promote a diverse, involved student body that is reflective of society, criteria for admissions must take into account the diversity of the applicants and their backgrounds; therefore, the CSA calls on the University of Guelph to implement an admissions policy that does not depend on secondary school academics as the sole and primary criterion for admission; that takes into account social, economic and cultural variances among those applying for admission; and that encourages those who have done significant extra-curricular work to apply and be accepted into the University of Guelph.

1.7. The Administration of the University of Guelph

The CSA recognizes that in order to facilitate the furtherance of student issues, it must
interact with the administration of the University of Guelph. The CSA also recognizes that the administration and the students may have similar interests in some areas.

The CSA supports:

- The treatment of students as equal partners in the University;
- The recognition of students’ diverse experiences and skills, and the acknowledgement that students are mature, responsible and capable of making informed, well thought out decisions;
- That in order for the administration to gain the respect of students, it must respect the voice of students who raise issues of concern to them;
- In areas in which students and administration fundamentally disagree, the students’ right to voice their opinion, and to have it respected and heard.

The CSA opposes:

- The interference of the administration in the CSA or any other student organization’s financial or operational affairs or democratic processes, including meetings, elections, and referenda.
- Any University process or policy that interferes with or restricts any student’s or student-run organization’s ability to organize.

The CSA upholds the idea and urges the practice that we, as an autonomous organization, has control over the fees it collects for its members and for organizations that we are a part of. The CSA does not support and condemns the Student Choice Initiative as it is a direct effort to destroy student unions and organization. In the process of the University collecting fees on our behalf, we remain control over the said fees, the date of collection and the date of discontinuation, as determined by student referendum.

1.8. Graduate Student Issues

1.4. Policy with the Graduate Student Association
(Local 62 of the Canadian Federation of Students)

The CSA recognizes that graduate students at the University of Guelph are an integral part of the university community, and that they have concerns particular to their position within this community. The CSA recognizes the Graduate Student Association (GSA) as the legitimate, democratically controlled representatives of the graduate students at the University of Guelph and recognizes that the GSA is entitled to equitable levels of representation at all levels of university decision-making bodies.

The CSA recognizes that graduate student teaching assistants employed by the University of Guelph are represented by their collective bargaining unit, CUPE 3913,
and supports their union on limiting the exploitation and increasing job security for graduate students. The CSA recognizes that undergraduate students at the University of Guelph depend on graduate student teaching assistance for a portion of their education and have a vested interest in ensuring that graduate students are well treated.

1.5. Policy with Faculty

The CSA recognizes the University of Guelph Faculty Association as the legitimate, democratically elected representatives of the University of Guelph faculty, and will work with the Faculty Association on areas of common concern to students and faculty.

The CSA believes that it is the right of University of Guelph students to have public access to teaching and course evaluations and will work towards a mechanism of making such information available to students.

The CSA believes that the University of Guelph must make every effort, including employment equity hiring, to ensure that faculty represent the diversity of Canadian society.

The CSA believes that a quality education flourishes only in an intellectually free climate. We oppose, therefore, any and all attempts to impose political or other selection criteria, in short, any non-academic criteria, upon the academic and research work of post-secondary education. Academic freedom and a quality education are indivisible. We recognize that academic and research work must be undertaken with a spirit of responsibility to society, as befits its intellectual leaders.

The CSA believes that as educators, faculty must receive teaching training in order to best convey information and knowledge, and in order to facilitate the University of Guelph learning objectives.

1.6. Policy with Stakeholder Organizations

The stakeholders meetings shall be comprised of the CSA as well as other groups on campus sharing a similar mandate or that face common issues and/or challenges.

1.7. Policy on Campus Labour Issues

The CSA recognizes the important role that it plays in supporting workers on campus. In addition, we recognize that the CSA and on-campus labour share a number of common interests and struggles such as issues pertaining to quality of education, increasing public funding to post-secondary education, accessibility, health and safety, and working/living/learning conditions on-campus.

Given the close link between labour and student issues on-campus the CSA believes that every effort should be taken to support workers concerns as they pertain to this university. In particular, the CSA recognizes the need for support during labour disruptions. In the event that a bargaining unit decides to strike the CSA shall take the followings steps:

- The CSA shall make public their support for workers during labour disruptions. This may include letters to the Ontario, motions of support from the Board, and petitions/tableing in the University Centre.
- The CSA Board shall appoint a strike support committee comprised of at least one executive and at least one Board member. It shall be the job of this committee to liaise with on-campus labour in order to develop strategies for support and solidarity.

Serious offenses could result in loss of accreditation – see section 3.4. Punitive Action.

A CSA accredited club which has had a privilege revoked will be referred to as a limited status club. Details surrounding that change in status (including cause, privilege loss, length of time) will be documented by the Clubs Administrative Coordinator.

During that time the club deposit and any other monies in possession of the CSA on behalf of the CSA accredited club will not be remitted to the student group but held in trust by the CSA. This may be reached through the accumulation of minor infractions as given by the Clubs Administrative Coordinator, any major infraction in direct opposition to the Human Rights at the University of Guelph document, or any action in opposition to CSA Policy.

3.4.4. Additional examples of major infractions include:

a) A lack of financial accountability or management not only in regard to the CSA but also in regard to the community at large,

It may not be removed or altered without the consent of the Clubs Administrative Coordinator. The CSA accredited clubs occupying the space are responsible for any damages to CSA property or the office space. CSA accredited clubs may bring in their own furniture and equipment if all other organizations occupying the office space agree. The CSA and the UC assume no responsibility for items in the office in the event of theft or damages.

6.4.5. Each office will be assigned a key which is the responsibility of the clubs occupying the office space.

6.4.5.1. The cost for a replacement key is fifty dollars ($50). Repeat offences will result in the loss of office privilege.

6.4.5.2. In the case that a key is locked in an office, or a key is misplaced momentarily, the only persons who will open the office door are the CSA Front Office Manager and President. The only people for whom the office will be opened are the executives of the CSA accredited clubs occupying the office space. There are no exceptions.

6.4.5.3. Office security is a matter of cooperation between CSA accredited clubs. If no one is in the office, the door must be locked.

6.4.5.4. Access to the offices will only occur between the hours of 9:00am to 11:00pm, Monday to Sunday, excluding holidays. Offices are not to be used after 11:00pm.

6.4.5.5. Money is the responsibility of the CSA accredited club and its members, and must be kept secure. Neither the CSA nor the UC is responsible for any losses incurred through theft.

6.4.5.6. Any vandalism must be reported immediately to the Vice President Student Experience and Clubs Administrative Coordinator. The Clubs Administrative Coordinator will note the situation for the CSA and involve the University Police.

6.4.6. CSA accredited clubs wishing to apply for office space must follow the steps below:

6.4.6.1. Any group interested in attaining office space must send a Letter of Application, and any letters of support, reference, or any other
materials to the Clubs Administrative Coordinator. The letter should explain the reasons why office space is required. The letter should include how the office space would be used and how it would benefit the CSA accredited club’s overall purpose.

6.4.6.2. The Clubs Administrative Coordinator is responsible for administering club office space. Decisions will be based mainly on availability of space. Also taken into consideration are the size, needs, and requirements of individual CSA accredited clubs. Allocation of office space will be determined by the Clubs Administrative Coordinator after taking into consideration the decision of previous persons who have held the position. Appeals of the Clubs Administrative Coordinator’s decisions should be discussed with the Vice President Student Experience. If the matter cannot be resolved, it will be taken to the CSA Board of Directors. The decision of the Board is final. As office space is extremely limited, club space is not given on a permanent basis and the CSA reserves the right to reassign rooms.

6.4.7. Exceptions to Sharing of Office Space
CSA accredited clubs requesting the right to occupy sole office space may discuss the needs and requirements of the CSA accredited club with the Clubs Administrative Coordinator. If there are grounds for granting the request, a written proposal is to be submitted to the Clubs Administrative Coordinator, who will bring the request before the CSA Board of Directors. Given the scarcity of space available for clubs, it is unlikely that sole office space will be granted; groups should have alternatives in mind.

6.5. CSA Clubs’ Lockers

Preamble
The CSA Locker Storage space (UC 227) is available to CSA accredited clubs for storage of CSA accredited club materials only.

This space holds lockers at three different sizes. The space is designed like a horseshoe with the middle of the space providing the only access point. The other ends of the space are windows for accessibility and safety.

The CSA and University Centre assume no responsibility for items in the locker spaces in the event of theft or damages. Any damage and/or vandalism to the CSA Clubs Hallway and its spaces is to be reported to the Clubs Administrative Coordinator and the CSA Front Office.

6.5.1. Lockers will be assigned to CSA accredited clubs at the Clubs General Meeting at the beginning of the academic year (Fall semester) and may be held for one year (12 months). The form will be reviewed by the Clubs Administrative Coordinator who will determine if access to a locker or lockers will be granted or denied based on the criteria within the form. If a concern arises in regard to accreditation which affects the privilege of a CSA accredited club to access the lockers, the Clubs Administrative Coordinator will refer this matter immediately to the Clubs Conduct Tribunal (The Tribunal). The Tribunal will then meet within one week of receiving the referral and make a decision on whether or not the club in questions form will be allowed or denied. The Tribunal’s decision must be submitted to the Clubs Administrative Coordinator within one week of the date the decision is made. The Clubs Administrative Coordinator will be responsible for communicating the Tribunal’s decision to the club.

6.5.1.1. If a CSA accredited club is granted access to a locker or lockers, they will be contacted by the Clubs Administrative Coordinator and will be provided with information for the steps to follow to begin accessing the space. See clause 6.5.2.

6.5.1.2. If a CSA accredited club is denied access to the locker space by a decision of the Clubs Administrative Coordinator only, they have the option to appeal the decision by submitting a formal request outlining their reasoning as to why the decision is being appealed to the Vice President Student Experience who, as a member of the Tribunal, will call the Tribunal to meet to make a decision on the matter. The Tribunal will then meet within one week of receiving the formal request and make a decision on whether or not the decision of the Clubs Administrative Coordinator is upheld, overturned or amended. The Tribunal’s decision must be submitted to the CSA accredited club and the Clubs Administrative Coordinator within one week of the date the decision is made.

6.5.1.3. Appeals of decisions of the Tribunal should be brought to the attention of the CSA Board of Directors.

6.5.2. Once a CSA accredited club’s form has been approved, a locker or lockers will be assigned to the CSA accredited club. The Clubs Administrative Coordinator will inform them of the locker number(s) assigned to their CSA accredited club for club use only.

6.5.3. Before accessing their locker(s), the CSA accredited club must provide their lock combination(s) to the CSA Front Office for record and documenting purposes. Failure to do so could result in loss of access to the lockers.

6.5.3.1. For those CSA accredited clubs who requested a lock on their CSA Clubs Locker Storage Access Form, they must retrieve this lock from the CSA Front Office and ensure the combination is recorded.

6.5.4. CSA accredited clubs must reapply every year using the CSA Clubs Locker Storage Access Form to continue accessing the locker assigned to them.

6.5.5. CSA accredited clubs who do not reapply for their locker will lose the locker in the upcoming academic year. In the event that this occurs, the CSA accredited club will be given a date and time to ensure their items are removed from the
6.5.6. If a CSA accredited club loses its accreditation status, or in the event their accreditation becomes limited or suspended, they may lose access to their locker for the remainder of the academic year.

6.5.7. CSA accredited clubs wishing to access more than one locker must ensure they fill out the appropriate fields on the CSA Clubs Locker Storage Access Form. Lockers will be assigned on a first-come-first-serve basis.

6.5.8. Should a CSA accredited club no longer wish to use their assigned locker, they must notify the Clubs Administrative Coordinator via email as soon as possible.

6.5.9. Access to and use of the lockers and the locker space is a matter of cooperation amongst all individual CSA accredited clubs and their members. Onus is on the individual CSA accredited clubs and club members to ensure the safety and security of the lockers and the locker space.

6.5.10. CSA accredited clubs will be held responsible for any damage done to the locker(s) assigned to them.

6.6. Access to the Garage

Preamble
The Garage (UC 219) is a service available to CSA accredited clubs that provide rental or loan services to their members. An application is required for each semester before a CSA accredited club will be granted access to this space (see 6.6.1.). This space is not a storage area. This space is solely for materials and/or equipment that CSA accredited clubs frequently rent or loan out as a service to their club members. For further information or questions regarding the Garage contact the Vice President Student Experience and the Clubs Administrative Coordinator.

Any damage and/or vandalism to the CSA Clubs Hallway and its spaces is to be reported to the Clubs Administrative Coordinator and the CSA Front Office.

6.6.1. For CSA accredited clubs wishing to access the Garage and storage lockers within they must fill out the Application Form for Clubs Requesting Access to the Garage which can be found on the CSA website or from the Clubs Administrative Coordinator. CSA accredited clubs must fill out and submit this application form for every semester that they wish to have access to the space. The application form will be submitted to the Clubs Administrative Coordinator who will determine if access will be granted or denied based on the criteria within the application form. If a concern arises in regard to accreditation which affects the privilege of a CSA accredited club to access the Garage, the Clubs Administrative Coordinator will refer this matter immediately to the Clubs Conduct Tribunal (The Tribunal). The Tribunal will then meet within one week of receiving the referral and make a decision on whether or not the CSA accredited club in questions application will be allowed or denied. The Tribunal's decision must be submitted to the Clubs Administrative Coordinator within one week of the date the decision is made. The decision of the Tribunal will be final. The Clubs Administrative Coordinator will be responsible for communicating the Tribunals decision to the CSA accredited club.
6.6.1.1. If a CSA accredited club is granted access to the Garage they will be contacted by the Clubs Administrative Coordinator and will be provided with information for the steps to follow to begin accessing the space. See point 6.6.2.

6.6.1.2. If a CSA accredited club is denied access to the Garage by a decision of the Clubs Administrative Coordinator only, they have the option to appeal the decision by submitting a formal request outlining their reasoning as to why the decision is being appealed to the Vice President Student Experience who, as a member of the Tribunal, will call the Tribunal to meet to make a decision on the matter. The Tribunal will then meet within one week of receiving the formal request and make a decision on whether or not the decision of the Clubs Administrative Coordinator is upheld, overturned or amended. The Tribunal’s decision must be submitted to the CSA accredited club and the Clubs Administrative Coordinator within one week of the decision.

6.6.1.3. Appeals of decisions of the Tribunal should be brought to the attention of the CSA Board of Directors.

6.6.2. Setting up access to the Garage

Once a CSA accredited club’s application form has been approved the Clubs Administrative Coordinator will contact them and outline the following steps for the CSA accredited club to begin accessing the Garage space.

6.6.2.1. The CSA accredited club will be required to fill out and submit the Club Key Sign Out Form – Access to the Garage and Locker Key(s). Included in this form is a forty dollar ($40) deposit which must be provided by the CSA accredited club in order to receive their keys. This deposit is held in the event that keys are lost or not returned to cover the expense of changing the locks. Please note security is a matter of cooperation amongst all CSA accredited clubs using the Garage space. The CSA and University Centre assume no responsibility for items in the Garage spaces in the event of theft or damages. Money and possessions must be kept secure by the CSA accredited clubs and their members. Onus is on the individual CSA accredited clubs and their members to record, maintain and secure their money and possessions. Neither the CSA nor the University Centre are responsible for any losses incurred through theft.

6.6.2.2. Once the Club Key Sign Out Form – Access to the Garage and Locker Key(s) and the deposit are received, CSA accredited clubs will be provided two keys: one to access the Garage space and one to access their storage locker. CSA accredited clubs will receive access to one (1) storage locker within the space. CSA accredited clubs will be notified that only CSA accredited club members are allowed to access the interior of the Garage space. Security is a matter of cooperation amongst all CSA accredited clubs and club members using the Garage space. Every effort must be made to keep all keys secure.
6.6.2.3. The Clubs Administrative Coordinator will provide a tour of the Garage, identify the numbered locker provided to the CSA accredited club and demonstrate how to securely close down and lock the Garage. Onus is on the individual CSA accredited clubs and club members to ensure all storage within the Garage and the Garage itself are shut down and locked before leaving the space. The CSA and University Centre assume no responsibility for items in the Garage spaces in the event of theft or damages.

6.6.2.4. Access to the Garage will be from 8:00 am to 11:00 pm. No exceptions will be made.

6.6.2.5. If a CSA accredited club using the Garage space fails to complete a new Application Form for access to the Garage (see point 6.6.1.) for a semester, they will be notified by the Clubs Administrative Coordinator. They will be given a week from the date the Clubs Administrative Coordinator contacted them to provide a completed Application Form. If a CSA accredited club fails to provide the form within that one week time, they may lose access to the Garage space.

6.6.2.6. If a CSA accredited club using the Garage space does not apply for accreditation for a semester, they may lose access to the Garage space. All access to the spaces in the CSA Clubs Hallway, including the Garage, are a privilege available to CSA accredited clubs. Accreditation must be received for each semester.

6.6.2.7. If a CSA accredited club feels they require more than one storage locker within the Garage space, they may contact the Clubs Administrative Coordinator. As space is limited, no one CSA accredited club will be allowed to solely occupy space within the Garage. Space will be shared among all CSA accredited clubs who are granted access to the Garage.

6.6.2.8. Access to and use of the Garage space is a matter of cooperation among all individual CSA accredited clubs and their members. Onus is on the individual CSA accredited clubs and club members to ensure the safety and security of the Garage space.

6.6.2.9. This policy will be reviewed to ensure the space is used as effectively as possible for CSA accredited clubs and their members.

7.1. Mailboxes

CSA accredited clubs will be assigned a mailbox in the CSA office. All mail addressed to CSA accredited clubs, including memos, will be delivered to this box. Mailboxes should be checked regularly. A mailbox that is not emptied regularly may be taken as a sign that a CSA accredited club is not active.

7.2. UC Meeting Rooms and UC Courtyard Space

The UC provides rooms and courtyard space free of charge to CSA accredited clubs. However, many of the rooms available to CSA accredited clubs have significant booking fees and/or cancellation fees associated with them.
Bookings are made through UC Administration or the CSA Front Office Manager. CSA accredited clubs should book UC rooms and UC courtyard space well ahead of the intended date.

1. Post-Secondary Education Policy
2. Students Rights Issues
3. Environmental Policy

At the CSA Board meeting on March 27, 2019, Appendix E: Issues and Organizational Policy was amended and split into two policies:

Appendix E: Organizational Policy
and
Appendix I: Issues Policy.
1.0. Post-Secondary Education Policy

1.1. Post-Secondary Education in Canada

The CSA believes that education exists to serve the needs of society, and the development of the individual. Therefore, education should be organized to meet these needs. This determines what we see as the purpose of post-secondary education. As students we embrace the values that aspire to overcome inequality and promote social change. These values find their realization in a post-secondary education that is concerned with social issues and concerned with its own social impact.

As students, we endorse the need to develop a broad national identity within Canada, an identity which includes the democratic rights of all nationalities. Such endeavors require a higher education that retains and builds upon the best in Canadian culture.

As students, we support the attempts to establish an independent Canadian economy capable of providing for all Canadians. Such an economy must have, as one of its foundations, a post-secondary system that produces skilled personnel and develops excellent research facilities.

Above all, as students we strive, and we join with all complementary efforts, to protect and to extend democratic values within Canadian society. We believe that we need a higher education that expresses these values, preparing its students for critical, democratic participation in every arena of Canadian life.

It is our belief that post-secondary education should not exist to serve the partial interest of any elite. Higher education is subsidized by the people of Canada and therefore must belong to the people of Canada. It is these needs and these beliefs that form our three basic principles: that post-secondary education must be universally accessible; that post-secondary education must be of high quality, and that post-secondary education must be democratically controlled.

1.2. Accessibility to Post-Secondary Education

1.2.1. Discriminatory Barriers to Accessibility

The CSA is committed to universal accessibility to post-secondary education. A society that aspires to overcome social and economic inequality must provide educational opportunities that break social barriers and bypass economic disadvantages. Education is a right, an essential service and it must be available to all persons.
The human rights and social rights of all students and prospective students must be safeguarded. Within higher education there should be no discrimination on the basis of age, race, creed, national origin, language, gender, sexual orientation, marital status, socio-economic status, political affiliation, or disability (as defined by the University of Guelph’s Student Accessibility Services (SAS). There must be no discrimination in post-secondary education for economic reasons. A student’s ability to finance a post-secondary education should never prevent access. The CSA is committed to fighting funding systems that include economic barriers to education. Where admissions criteria have exhibited a coincidental bias against any segment of society for academic, cultural or financial reasons, affirmative action programs should be enacted to correct the basis.

1.2.2. Economic Barriers to Accessibility

The CSA is particularly committed to the removal of economic barriers to universal accessibility for international students and domestic students, which are the most tangible impediments to an education available to all. Economic barriers take the form of tuition fees, or inadequate student aid programs, and of high youth unemployment and or other costs associated directly with achieving a post-secondary education.

Tuition fees have statistically been proven a major disincentive to prospective students from low and middle income families. Moreover, tuition fees are a form of regressive taxation. For these reasons, the CSA is opposed to any increase in tuition fees for education, and we call for the progressive abolition of fees. We do not recognize the obligation of the individual to reimburse society for the benefits accorded by higher education.

It is our belief that the most equitable method for meeting such an obligation would be a reformed system of taxation, which would be borne by a student only after graduation, and would therefore not pose an economic barrier to prospective low and middle income students.

For all citizens to have an equal opportunity to participate in post-secondary education, there is the need for student aid and living allowances to meet the real costs of tuition, academic materials, and living expenses. A visible, adequate and equitable student aid program would provide the needy student with assistance for as many years as his/her studies require. It would provide living allowances indexed to the rising cost of living. It would consider students independent of parental support at age 18.
We maintain that a student aid program should give assistance in the form of grants and not loans, which are a disincentive to the very same low and middle income groups which need the assistance. It should make allowances for the special needs of women, married students, part-time students and single parents. It should be administered with full student input.

Youth unemployment makes it difficult for students to obtain the part-time and summer work necessary to finance their education. In addition, bleak prospects for post-graduation employment discourage less wealthy students from investing time and energy in an education seemingly incapable of providing tangible rewards. The CSA calls for government commitment to the reduction and elimination of youth unemployment.

1.2.3. Social Barriers to Accessibility

The CSA believes that education curricula at all levels of education should foster and reward abilities and skills of all kinds. This is the only path to academic excellence. Careful procedures should be adopted to prevent the development of policies such as “streaming” and “tracking” that contain a strong socio-economic bias.

The CSA understands that a commitment of universal accessibility to education contains an obligation to do more than merely remove the legislative and administrative impediments to free access. Many prospective students are denied access to post-secondary education because of family and peer attitudes. The full promotion of the benefits of post-secondary education will minimize the effect of some of these socio-economic impediments, while others will require a protracted educational effort.

1.2.4. Geographic Barriers to Accessibility

There are still other prospective students who are denied access to higher education because of the geographical unavailability of a post-secondary educational institution or in the case of full-time employees, the geographical unavailability of a part-time studies program. Without the geographic dispersal of these institutions and programs throughout the province and country, accessibility to post-secondary education remains limited. Students should have the choice to live at or near their homes and to accept full time employment without jeopardizing their education.

1.3. Quality of Post-Secondary Education

The CSA is committed to quality post-secondary education. A society
which wants a higher education capable of meeting any of its needs requires a quality post-secondary education. The national desire for excellence in all fields of human endeavor and study can only be realized by a quality post-secondary education.

A quality higher education begins with a first-rate academic and support staff and superior equipment and facilities. These features are the foundation blocks of an education that rises above the mass production of diplomas and degrees.

A first-rate academic and support staff is built though careful recruiting that seeks proficiency in one’s field, breadth of view, a depth of knowledge that is cross-cultural, and the ability to communicate well with students. It exists where staff is not overburdened to the point where it is unable to provide adequate attention to the individual student. Even first-rate academic and support staff can be rendered ineffective if they lack the necessary complement of equipment and facilities, and adequate compensation for their work.

The value of staff and materials finds expression in academic programs. A well-organized curriculum brings out the best in staff and materials; a poor curriculum can thwart a good teacher or a full-furnished facility.

The CSA believes that a curriculum that builds a quality post-secondary education is neither parochial nor tradition-bound. While retaining the excellence of the past, a quality curriculum must break with the insular “ivory tower” conception of post-secondary education. It should take as its concerns the concerns and needs of the general community. It must be both broad and innovative.

A particular emphasis must be on the development of academic programs that focus on specific community sectors ordinarily ignored within post-secondary education. A broad curriculum must contain programs of Franco-Ontarian studies, labour studies, native peoples studies, non-European studies and women’s studies, and furthermore these perspectives must be incorporated into the curriculum of traditional disciplines. Such a broad curriculum must be offered in the French language where need exists. In these and other academic programs democratic input into curriculum determination is essential.

The community-at-large and all shareholders within higher education must play active roles in the formation of the curriculum.

A student body or staff that lacks balance in its composition becomes a factor that undermines the quality of education. An important
component of a full education is that it be representative of society at large. When one group is over-represented and another group is conspicuously absent, the education of all suffers.

Thus, the CSA sees strong affirmative action for universal accessibility to post-secondary education and for an international education component in the larger systems as vital elements in a quality higher education, as well as positive enterprises in their own right.

From another perspective the under-representation of Canadian faculty in post-secondary education, and the exceptionally large numbers of American faculty, is a matter for concern.

While we do not support the use of rigid quotas for “Canadianization” of faculty that disregard the general qualifications of academic staff, we do see a need for maintaining, within a broad internationalism, the Canadian character of higher education.

1.4. Funding of Post-Secondary Education

The CSA believes that government policies of restraint and cutbacks have a particularly deleterious effect upon the quality of education. The most innovative academic programs, the equipment in need of maintenance and updating, the new books and journals essential to the preservation of the library collection, the extra hours that facilities are open, the non-academic supports for students, are all vulnerable to underfunding.

The CSA opposes any proposals that advocate tuition fees as a partial or total solution to the problem of post-secondary underfunding. The CSA opposes any attempt or movement towards deregulation of post-secondary tuition fees, and calls for them to be frozen, and for steps to be taken towards their elimination.

The CSA calls on the federal and provincial governments to sufficiently fund post-secondary education by means of a progressive taxation system. The CSA is committed to working at a local level to convince our representatives to both governments to commit themselves to adequate post-secondary education funding.

1.5. Student Aid

The CSA strongly condemns any form of student assistance that inherently discriminates against students due to their social or economic backgrounds, that does not take into account the post-graduation earning potential of students, and that permits a rationalization for the continuation or increase of student fees.
The CSA calls on the federal and provincial governments to institute a progressive system of student aid in the form of grants only, based solely on financial need of the student, not their family, and a realistic assessment of the costs incurred while pursuing a post-secondary education.
