1.10.1b Motion to Walk Out in Protest of Over-Enrolment and Unaffordability of Life for Students

WHEREAS the University has responded to budgetary concerns by increasing the number of undergraduate students enrolled, with 2024 enrollment representing a 52% increase in admissions from 2023 and 80% increase compared to 2021 (Enrolment Crisis Task Force, 2024);

WHEREAS the University has also responded to budgetary concerns by increasing tuition for international and out of province students by 5-7%, and by 7.5% for domestic students in some undergraduate programs (University of Guelph Finance Committee, 2024);

WHEREAS the increase in the undergraduate population has resulted in the waitlist for residence expanding from 1300 to 1500+ (Enrolment Crisis Task Force, 2024), the eviction of graduate students and families from 78 College Avenue to house first-years (CUPE 3913, 2024), and an increased demand for off campus housing leading to an increase in rent prices (Off-Campus Living, 2023);

WHEREAS high rent and high tuition contribute to a high cost of living, resulting in intersecting impacts on student health & well being and their academic well being (for example, according to the 2022 National College Health Assessment, there was a 40% on-campus food insecurity rate as students struggled to afford food);

WHEREAS the CSA has a history of protesting to demand changes that improve students' lives (for example, following an all-day 'study sit-in' staged by the CSA in the University Centre to draw attention to the lack of adequate study space on campus, the University responded by opening Peter Clark Hall for studying during the exam period and library increased the number of tables and chairs);

FURTHER that the CSA general membership receive the document titled Example Walkout Demands as information;

FURTHER that the CSA launch a campaign that aims to mobilizes the general student body in protest of recent decisions made by University administrators that impact the cost of living for students and our quality of education, considering tactics that increase public scrutiny;

FURTHER that the CSA investigate the feasibility of organizing a student walkout that aims to garner media attention;

FURTHER that the CSA collect signatures from the student body on a petition that includes a list of concrete and measurable demands to be finalized through consultations with other affected groups (e.g. graduate and international student representative bodies) and a link to a report describing impacts and recommendations in greater detail;

Minutes – AGM – March 12, 2025

1.0 Call to Order

The meeting was called to order after quorum was met with 100 CSA Undergraduate members in attendance as verified at 6:47 pm.

1.1 Land Acknowledgement

Naomi Amayaevbo, VP Student Experience, presented the following Land Acknowledgement:

Before we begin, I want to take a moment to acknowledge the land on which we gather today. The Central Student Association operates on the traditional territory of the Mississaugas of the Credit First Nation and the ancestral lands of the Attawandaron and Haudenosaunee. This land has long been a place of learning, trade, and community for Indigenous Peoples, and their stewardship continues to this day.

As an association that serves and supports all students at the University of Guelph, we recognize that our ability to learn, work, and build community here is made possible by the land itself and the Indigenous Peoples who have cared for it for generations. It is our responsibility, as a student body and as individuals, to actively engage in reconciliation—not just in words, but through action, learning, and advocacy.

For me, personally, as a Black individual and a racial minority in this country, I understand what it means to navigate spaces that were not originally built with me in mind. However, I also recognize that, while I have faced challenges, I am still a guest on this land—land that was never ceded, never given up, and remains the home of Indigenous Nations. Being here as a student is a privilege, and part of that privilege means acknowledging the histories, voices, and rights of Indigenous communities who continue to face systemic oppression and displacement. Land acknowledgements are not just statements; they are reminders that reconciliation is an active, ongoing process. As we move forward with tonight's meeting and the work of the CSA, may we commit to learning, supporting Indigenous sovereignty, and creating a future that respects and uplifts all marginalized communities.

1.2 Welcome and Introductory Comments

1.2.1 CSA Chair: Welcome, How to Participate in the AGM

The Chair welcomed the student body and guided them through the procedure of the meeting.

1.2.2 Policy & Transition Coordinator: Importance of Quorum

1.4.2 Questions and Business Arising from the Minutes

No questions or business arose from the Minutes.

1.5 Receive Auditor's Report

Lee Anne Clarke, CSA Business Manager, explained that the participating students will have to vote on motions to receive the audit report from 2021-2022 and the report from 2022-2023, as well as to appoint BDO Canada LLP as the CSA's Auditor for the current year. These motions are part of the audit process that has 5 requirements to be compliant with the Ontario Not-for-Profit Corporations Act:

1. The CSA membership must appoint an Auditor at the AGM.
2. The CSA's management team must be fair when preparing financial summaries of the services provided to the students.
3. Releasement of the statements from the CSA office to the Auditor.
4. The Auditor will draft a report which will be received by the CSA's Finance Committee to be recommended to the Board of Directors where it must be approved.
5. The Auditor's report must be received by the CSA's membership at the next scheduled AGM.

The Business Manager then showed both reports that presented that the CSA had no misstatements and that everything was according to Canadian Accounting Principles. BDO Canada LLP stated that the CSA's accounting practices are sound, revenue and expenses are properly recorded in accordance with the Canadian Accounting Standards, and the statement of financial position indicates that the CSA can continue to meet its financial obligations.

She displayed the statement of financial position and described the amount of money the CSA has to ensure cash flow to the middle of October, which is the next time student fees are received. Importantly, for the CSA to be a going concern, there must be $940,000 dollars to ensure that financial requirements are met.

1.5.1 Receive the 2021-2022 Audit Report

WHEREAS the audited statements were approved by the CSA Board of Directors at the Board Meeting on January 31, 2024;

BE IT RESOLVED to receive the Audit Report for the year ended April 30, 2022, as presented in the March 12, 2025 CSA Annual General Meeting package, as information.

MOTION: To appoint BDO Canada LLP as Auditor for the CSA for the year 2024-2025.

Moved: Noel Johnston
Seconded: Jake Levy

Amir Benkelai inquired as to why BDO Canda LLP was chosen as the CSA's Auditor. The Business Manager stated that the reappointment for BDO was inspired by the fact that the organization is pleased with their services and that they have been working together for over 30 years, meaning that BDO has a complete understanding of the CSA's terminology and innerworkings.

1.9.1 Executive Updates

MOTION: That the following Executive Updates be received as information:

a) President – Nate Broughton
b) VP Student Experience – Naomi Amayaevbo
c) VP Academic – William Coleman
d) VP External – Natalie Wilkinson

Moved: Noel Johnston
Seconded: Adrian Webster

Motion Carried

a) President – Nate Broughton

The President welcomed and appreciated everyone for coming. He began by recounting that his term began on October 9 and since then his focus has been on student advocacy and ensuring that student voices are run through administration.

Efforts have been put into different committees, such as the Student Budget Committee which presented to the University's Board of Governors' Finance Committee to talk about student priorities and recommendations for next year's budget. The intention was to figure out a way to support students and ensure that services that students find important are not cut. The Student Events and Initiatives Funding's budget was increased and the annual amount available per club was raised from $500 to $1,000 as a yearly limit. TheCannon.ca website, helpful to students for housing and textbooks, is being updated and a giveaway is on its way.

b) VP Student Experience – Naomi Amayaevbo

The VP Student Experience thanked everyone for coming. She started her term in October and attended the CFS RISE summit, which is a racialized and Indigenous Student Experience Summit that her to understand marginalized voices on campus.

She oversees the Sexy Bingo events that occur in Brass Taps which are great opportunities for students to have activities and education on sexual matters in a safe place. She also is responsible for the Stressbusters during exam seasons such as the one that happened recently at the library where the CSA gave out around 200 hot chocolates. The Menstrual Hygiene Initiative is another service she oversees, and VP Student Experience recently had a collaboration with Nixit where they gave away 150 menstrual hygiene products valued at $60-80 per package to students.

The VP Student Experience is a graduating student who is currently planning The Last Toast and The Last Dance and hopes other graduating students will sign up for the events.

Her biggest passion is representing marginalized voices. She is currently working with Hospitality to have events where foods from different cultures can be brought into the school.

c) VP Academic – William Coleman

The VP Academic thanked everyone for being here and stated that their term started in September. Their role primarily deals with different committees in the school and ensuring that student experience and learning are not affected by budget cuts.

As for projects and events, they had a very successful event in the Bullring called Art in the Bullring where students had the opportunity to show off their art. They have also been working to look at changes to official degrees and transcripts.

The VP Academic highlighted their priorities for next term including improving costs for digital extra course materials.

Amir Benkelai asked if there has been any effort to ensure that College of Arts programs don't face too many budget cuts. The VP Academic recognized that the College of Arts is one of the many colleges that have felt the impact of budget cuts. They stated that they are making sure that if there are any budget cuts it will have as little of an impact on students as possible.

d) VP External – Natalie Wilkinson

The VP External's term started on May 1, 2024, which has led her to her efforts in encouraging students to get back to the student union and the campus and recognizing the power of their voices.

Recently she worked on increasing the engagement for the Provincial elections. Guest Townhall speaker, Mike Shreiner, Guelph MPP, was invited to talk about funding for post-secondary education, bike lanes, Ontario's Disability Support Program, and more. Lloyd Longfield, Guelph MP, was another guest Townhall speaker invited to talk about student loans and Canada's place in the world.

She supervises the FoodBank and the Bike Centre and acts as the CSA Representative at the Canadian Federation of Students. She works on campaigns including TapIn! which recognizes water as a human right and advocates for changes to the school to reflect that, including increasing water fountains across campus.

Amir Benkelai asked for clarification on how she was working towards student engagement in the student union. She answered that talking at AGMs is a good first step, but also finding the CSA through social media, events and at our office.

1.9.2 Service Updates

MOTION that the following Service Updates be received as information:

f) The Bike Centre
g) CSA Clubs
h) Guelph Student FoodBank
i) SafeWalk
j) Student Help and Advocacy Centre (SHAC)

Moved: Noel Johnston
Seconded: Adrian Webster

Motion Carried

a) The Bike Centre

Marco, the Bike Centre Coordinator, explained that the Bike Centre is a DIY repair shop for bikes where students can come to upkeep their bikes with the help of three knowledgeable staff. The Bike Centre is cash only for any new parts needed, while the service is free.

There will be a Bike Auction on March 25 with about 25 bikes being sold. March 25 is a preview day while March 27-29 is the auction via Instagram for bidding on the bikes. Costs should be anywhere from $50-150.

b) CSA Clubs

Paraj, the CSA Clubs Coordinator, shared that the CSA Clubs Office supports 160+ clubs. Clubs are a great way to get involved, meet new people, and discover passions. This year the Clubs Office brought in more than 4,000 people and 20 clubs were introduced this semester. They are responsible for Clubs Day which happens at the beginning of every semester with many clubs in attendance. The

Clubs Office oversees accreditation, reaccreditation, advertising of clubs through social media and events, and much more.

On March 24, Club Hub is happening at the lookout from 5:30 to 7:00 pm for club executives to socialize with each other and meet the Club's Office team.

c) Guelph Student FoodBank

Alitha, the FoodBank Coordinator, explained that the FoodBank is an emergency resource for undergraduate and graduate students that offers emergency food and anti-poverty resources. There have recently been many renovations and upgrades that allowed the organization to increase its capacity to 250 students. Currently, the FoodBank is an appointment-based system and does not take volunteers.

d) SafeWalk

Kennedy, the SafeWalk Coordinator, mentioned that SafeWalk is a student-run service that offers students safe and reliable escorts from 11:00 pm to 1:00 am from Monday to Friday. There are about 40 volunteers dedicated to making the campus safe. To contact this service a student can call the University of Guelph through the extension 53200, use the SafeGryphon App, the emergency poles, or approach volunteers in their yellow jackets.

Amir Benkelai inquired as to any plans for expansion to off-campus walks. SafeWalk is currently looking at a way to expand its service off campus. However, Gordon residence, which is off campus, can be walked to by volunteers upon request.

Marcus Aldred-Ganhao thanked SafeWalk for keeping students safe on campus and inquired about the shifts and interest in this service. Kennedy replied that 2 shifts run at night and 15 calls have been received this year, which is an increase from previous years.

e) Student Help and Advocacy Centre (SHAC)

Dani, the Student Help and Advocacy Centre Coordinator, highlighted that SHAC is a safe place on campus where students can come ask questions about issues relating to legal, academic human rights, financial, housing and tendency topics.

SHAC works with the Guelph Wellington Legal Clinic where students can drop in to their office hours on Monday from 1:00 pm – 4:00 pm.

SHAC runs informational events such as Pumpkin Painting and Rights storytelling, trivia, bracelet making, the Understanding Your Lease event, and the Housing Red Flags event.

As for cases, SHAC has received 130 cases so far this year with 20 during the summer, 58 over the fall, and 57 during this semester. Many have been about tendency and housing, legal cases, finance questions, employment, and human rights questions.

Yael Lazebnik asked for specific examples of situations where students can ask for help from SHAC. Examples would include being charged with academic misconduct, landlords committing questionable acts, and being fired from a job for certain reasons.

1.10 Business

1.10.1 Submitted Motions

1.10.1a Streamlining Bus Service Across Gordon Street

WHEREAS the buses 99N and 99S have become overloaded with students both morning and afternoon; and

WHEREAS the CSA/GSA Transit Committee has worked to creating the university bus lines which include the 59U Gordon Bus that runs North along Gordon Street between 8 to 11 AM and South between 4 to 7 PM;

BE IT RESOLVED that the CSA Executive advocate for and investigate the feasibility of rescheduling 59U such that it operates between 8 AM to 7 PM;

AND FURTHER that the CSA Executive advocate for and investigate the feasibility of adjusting the 59U route so that it is no longer split between North and South in terms of morning and afternoon such that it runs cyclically along Gordon Street from Clairfields at Farley Eastbound and University Centre Platform 12B.

Moved: Amir Benkelai
Seconded: Noel Johnston

Amir Benkelai motivated that the 99N and 99S bus lines exceed capacity regularly, leading to various inconveniences. Extending the hours the 59U bus would provide extra coverage and would help balance out the number of people on the buses to mitigate the issue.

Motion Carried

1.10.1b Motion to Walk Out in Protest of Over-Enrolment and Unaffordability of Life for Students

WHEREAS the University has responded to budgetary concerns by increasing the number of undergraduate students enrolled, with 2024 enrollment representing a 52% increase in admissions from 2023 and 80% increase compared to 2021 (Enrolment Crisis Task Force, 2024);

WHEREAS the University has also responded to budgetary concerns by increasing tuition for international and out of province students by 5-7%, and by 7.5% for domestic students in some undergraduate programs (University of Guelph Finance Committee, 2024);

WHEREAS the increase in the undergraduate population has resulted in the waitlist for residence expanding from 1300 to 1500+ (Enrolment Crisis Task Force, 2024), the eviction of graduate students and families from 78 College Avenue to house first-years (CUPE 3913, 2024), and an increased demand for off campus housing leading to an increase in rent prices (Off-Campus Living, 2023);

WHEREAS high rent and high tuition contribute to a high cost of living, resulting in intersecting impacts on student health & well being and their academic well being (for example, according to the 2022 National College Health Assessment, there was a 40% on-campus food insecurity rate as students struggled to afford food);

WHEREAS graduate and international students bear the brunt of these impacts, with the majority of food bank users being international and graduate students (82% and 90% respectively, CSA Foodbank, 2025); and

WHEREAS the CSA has a history of protesting to demand changes that improve students' lives (for example, following an all-day 'study sit-in' staged by the CSA in the

University Centre to draw attention to the lack of adequate study space on campus, the University responded by opening Peter Clark Hall for studying during the exam period and library increased the number of tables and chairs);

BE IT RESOLVED that the CSA general membership receive the document titled Letter to the Student Body as information;

FURTHER that the CSA general membership receive the document titled Example Walkout Demands as information;

FURTHER that the CSA launch a campaign that aims to mobilizes the general student body in protest of recent decisions made by University administrators that impact the cost of living for students and our quality of education, considering tactics that increase public scrutiny;

FURTHER that the CSA investigate the feasibility of organizing a student walkout that aims to garner media attention;

FURTHER that the CSA collect signatures from the student body on a petition that includes a list of concrete and measurable demands to be finalized through consultations with other affected groups (e.g. graduate and international student representative bodies) and a link to a report describing impacts and recommendations in greater detail;

AND FURTHER that the petition is delivered to University of Guelph executive administrators.

Moved: Haidi Wu
Seconded: Noel Johnston

Haidi Wu motivated that the proposed actions address life being expensive and difficult for students as the costs of provincial underfunding are falling onto students. She recognized that the power dynamic was unbalanced, with the administration being in a higher position than the students. However, she encouraged the thought that students should stand together in optic demonstrations, like a walkout, to gain power over the situation.

Vincent Tran asked how an optic demonstration like a walkout would reach out to all the province. Member Wu would demand the admin to advocate more for greater

funding at a provincial level. She stated that doing actions that garner attention may be the push needed for the province to see that students are struggling.

Yael Lazebnik wondered what measures would be taken to ensure there is sufficient participation for walkouts to be successful. Haidi Wu offered to circulate a survey asking if students would be able to join a walkout, if there is enough interest it can be done. The intention is to lay down a framework and choose actions based on what is strategic. A walkout is only one of the methods that the student body can protest with.

Ethan Warren wondered how feasible a walkout would be for the students who rely on the school's services. Haidi Wu clarified that the walkout would be a demonstration of walking out of classes or joining in solidarity, without the intention to disturb any of the services on campus.

Motion Carried

1.10.2 Open Forum

Amir Benkelai gave the future suggestion that the CSA should attempt a campus-wide survey to see why students are not involved in the elections. The President noted the suggestion down as something to consider.

Independent Auditor's Report

To the Members of The University of Guelph Central Student Association

Qualified Opinion
We have audited the financial statements of The University of Guelph Central Student Association (the Association), which comprise the statement of financial position as at April 30, 2026, the statements of operations - unrestricted, operations and changes in net assets, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matters described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Association as at April 30, 2026, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion
In common with many not-for-profit organizations, the Association derives revenue from sales, sundry and fundraising revenues, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the Association. Therefore, we were not able to determine whether any adjustments might be necessary to sales, sundry and fundraising revenues, excess (deficiency) of revenues over expenditures, and cash flows from operations for the years ended April 30, 2026 and 2025, current assets as at April 30, 2026 and 2025, and net assets as at May 1 and April 30 for both the 2026 and 2025 years.

We were unable to obtain sufficient appropriate audit evidence to support the partnership income which is stated on the statement of operations and changes in net assets in the amount of $33,884 (2025 - $26,797) and the Investment in Cannon.ca Partnership which is stated on the statement of financial position at $87,386 (2025 - $53,502). As a result of this matter, we were unable to determine the adjustments, if any, that might have been found necessary in respect of partnership income and net assets for the years ended April 30, 2026 and 2025, Investment in Cannon.ca Partnership as at April 30, 2026 and 2025 and net assets externally restricted as at May 1 and April 30 for both the 2026 and 2025 years.

Our audit opinion on the financial statements for the year ended April 30, 2025 was modified accordingly because of the possible effects of these limitations in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Association in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is

BDO Canada LLP, a Canadian limited liability partnership, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 . Significant Accounting Policies

Nature of Business

The University of Guelph Central Student Association (the "Association") was incorporated without share capital on May 31, 1979, under the laws of Ontario and provides services to the student body of the University of Guelph, on a not-for-profit basis.

The Association is a non-profit organization and, as such, is exempt from income tax.

Basis of Accounting

The financial statements have been prepared using Canadian accounting standards for not-for-profit organizations.

Capital Assets

Capital assets are recorded at cost. Amortization based on the estimated useful life of the asset is calculated as follows:

	Method	Rate
Furniture and equipment	Straight-line	10 years
Computer equipment	Straight-line	5 years
Leasehold improvements	Straight-line	12 years

Investment in University Centre Services

The investment in University Centre Services is recorded at cost.

Investment in Cannon.ca Partnership

The partnership is accounted for by the equity method in the Association's financial statements.

1. Significant Accounting Policies (continued)

Financial Instruments

Arm's length financial instruments are recorded at fair value at initial recognition.

Related party financial instruments quoted in an active market or those with observable inputs significant to the determination of fair value or derivative contracts are recorded at fair value at initial recognition. All other related party financial instruments are recorded at cost at initial recognition.

In subsequent periods, equities traded in an active market and derivatives are reported at fair value, with any change in fair value reported in income. All other financial instruments are reported at cost or amortized cost less impairment. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items measured at fair value and charged to the financial instrument for those measured at amortized cost.

Financial assets are tested for impairment when indicators of impairment exist. When a significant change in the expected timing or amount of the future cash flows of the financial asset is identified, the carrying amount of the financial asset is reduced and the amount of the write-down is recognized in net income. A previously recognized impairment loss may be reversed to the extent of the improvement, provided it is not greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously, and the amount of the reversal is recognized in net income.

1. Significant Accounting Policies (continued)

Fund Accounting

The Association follows the restricted fund method of accounting using the following funds:

The Dental Plan Reserve Fund is externally restricted for the purpose of funding the students' dental plan, in the event that the claims exceed the premiums paid. Interest earned on the reserve fund balance and dental plan activity during the year becomes part of the fund. Revenues earned in the fund are generated from student fees.

The Health Plan Reserve Fund is externally restricted for the purpose of funding the students' health plan, in the event that the claims exceed the premiums paid. Interest earned on the reserve fund balance and on the health plan activity during the year becomes part of the fund. Revenues earned in the fund are generated from student fees.

The Affordable Housing Reserve Fund is externally restricted for the purpose of upgrading accessibility of housing for students with special needs. Interest earned on the reserve fund balance becomes part of the fund.

The Late Night Service Reserve Fund is externally restricted for the purpose of providing late night bus services to the students. Revenues earned in the fund are generated from student fees. Interest earned on the reserve fund balance and activity during the year becomes part of the fund.

The Food Bank Reserve Fund is externally restricted for the purpose of purchasing food to be distributed to low income students. Revenues earned in the fund are generated from student fees. Interest earned on the reserve fund balance and activity during the year during the year becomes part of the fund.

The Menstrual Hygiene Reserve Fund is externally restricted for the purpose of providing hygiene products to students. Revenues earned in the fund are generated from student fees. All funds are included in the operating bank account.

The Cannon.ca Reserve Fund is externally restricted for the purpose of financing future deficits of the partnership. Revenues earned in the fund are generated from the operation of The Cannon.ca.

The SafeWalk Reserve Fund is internally restricted for the purpose of funding SafeWalk program expenditures. Revenues earned in the fund are generated from student fees. All funds are included in the operating bank account.

1. Significant Accounting Policies (continued)

The Bullring Capital Reserve Fund is internally restricted for the purpose of funding capital expenditures. Interest earned on the reserve fund balance during the year becomes part of the fund.

The Live Entertainment Reserve Fund is internally restricted for the purpose of providing events to students. Revenues earned in the fund are generated from student fees and door receipts. All funds are included in the operating bank account.

Revenue Recognition

The Association follows the restricted fund method of accounting for contributions.

Restricted amounts are recognized as revenue of the appropriate restricted fund when received or receivable. If no appropriate restricted fund is presented, then the restricted amount is recognized as unrestricted revenue in the year in which the related expenditures are incurred. Unrestricted amounts are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

The collection and amount of non-academic incidental fees charged to students is regulated by the Ontario Ministry of Training Colleges and Universities through its Ontario Operating Funds Distribution Manual and Compulsory Ancillary Fee Policy Guidelines. Pursuant to these, a change to, or introduction of, a fee must be made in accordance with the Ministry's guidelines and the long-term protocol established between the University and its student government. The agreement between the Association and the University requires a referendum of the student body for significant changes to or the introduction of additional fees.

Student fees are recognized in the period to which they relate. Sales revenues are recognized when the related goods or services are provided. Grants are recognized when received or receivable, provided that collection is reasonably assured. Interest income is accrued as it is earned.

Use of Estimates

The preparation of financial statements in accordance with Canadian accounting standards for not-for profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. The estimate in these financial statements is the useful lives of capital assets.

AGM Executive Update

President

November 18, 2026

Hi everyone!

It has been an incredibly busy and exciting year at the CSA! Since beginning our term in May, our executive team has been working hard to strengthen the organization, advocate for student needs, and improve the services, programs, and opportunities available to undergraduate students at the University of Guelph.

A significant focus of my portfolio this year has been strengthening our internal operations, supporting organizational growth, and laying the groundwork for long-term improvements. It has been incredibly rewarding to see many of the projects we began working on over the summer come together throughout the fall semester. I am excited to share some of the work that our team has accomplished so far!

Organizational Development & Operations

One of our most significant accomplishments this year has been the introduction of an Executive Director position at the CSA. Following months of research, consultations with other student unions, and discussions surrounding our organization structure, we successfully recruited and welcomed our first Executive Director, Kim Rodrigues, on October 26th! This position represents an important step toward improving organizational continuity, strengthening operational oversight, and supporting the long-term sustainability of the CSA.

Human Resources has also been a major priority throughout my term. We have welcomed several new staff members, including our Human Resources Coordinator and Events Coordinator, while working to improve recruitment, onboarding, employee training, and internal procedures. This has included developing comprehensive transition manuals, strengthening HR processes, and establishing clearer reporting structures to better support our staff.

We are also in the process of implementing a new digital Human Resources and payroll management system. This will allow us to transition away from many of our existing paper-based processes and create a more accessible, centralized space for employee documentation, timesheets, payroll information, and training resources.

While much of this work happens behind the scenes, these improvements are essential to creating a more efficient, sustainable, and supportive organization.

Student Advocacy & Representation

Advocating for undergraduate students continues to be at the heart of everything we do at the CSA. Throughout the year, our executive team has been involved in

conversations surrounding post-secondary affordability, OSAP, housing, transit, academic rights, and access to essential student services.

With students continuing to face increasing financial pressures, our team has been working alongside student organizations and campus partners to advocate for affordable and accessible post-secondary education. This has included participating in advocacy efforts surrounding changes to OSAP and highlighting the importance of adequate government funding for post-secondary institutions.

We have also continued representing undergraduate students on various university committees and working groups, ensuring that student perspectives are considered in decisions affecting campus life, student fees, and university services.

Student Services & Campus Engagement

Our executive team has worked alongside staff, volunteers, and campus partners to deliver a variety of student events and initiatives throughout the year.

Orientation Week was a particular highlight, with our CSA Block Party, Carnival and Resource Fair, and Sexy Bingo providing opportunities for students to connect, discover campus resources, and celebrate the beginning of the academic year.

We have also continued supporting essential CSA services, including the FoodBank, SafeWalk, Bike Centre, Student Help and Advocacy Centre, CSA Clubs, and the Bullring. As students continue to experience rising living costs and financial pressures, maintaining accessible and meaningful student services remains especially important.

Our team is committed to strengthening these resources, improving their operations, and ensuring they remain responsive to undergraduate students.

Governance & Financial Oversight

Considerable work has also been dedicated to strengthening the CSA's governance and financial sustainability. This has included reviewing organizational policies, overseeing the annual budgeting process, and supporting the work of our Board of Directors and committees.

Our Finance Committee and Board of Directors have worked through the review and approval of our amended operating budget, ensuring that organizational resources are allocated responsibly while continuing to prioritize student services and programming.

Looking Ahead

As we move into the remainder of the academic year, our priorities will include continuing our organizational transition, advancing government improvements, strengthening student services, and advocating for affordable and accessible post-secondary education.

I want to extend a sincere thank you to our executive team, Board of Directors, staff, volunteers, and campus partners for all their hard work so far this year!

CSA President 2026 - 2027

AGM Executive Update

Vice President Internal

November 18, 2026

Hello CSA members! Thank you so much for joining us for the Central Student Association's Annual General Meeting. Your participation is a meaningful way to engage with your student union, share ideas, and guide the future of the CSA, and your attendance is appreciated!

It has been an absolute honour to serve as your Vice President Internal this year! This year's team has focused heavily on improving the CSA internally, to create the capacity and support future executive teams need to remain student-facing while creating meaningful and tangible change on campus. Within my position, my goal has been to create consistent opportunities for students to connect with the CSA, learn about our services, and get the most of their student fees.

Events

This year, I have focused on holding regular programming, to ensure that the budget approved by our members is fully utilized. Programming that has run thus far includes Block Party, Subs & Clubs, Bracelet Making, Sexy Bingo, Pronoun Button Booths, Hot Chocolate & Cookies Stressbuster, Free Flow Market, Cookies with theCannon.ca, and Study Care Packages, with more to come! These events have been a great way for the executive team to connect directly with students, gain understanding on student perspectives, and better cater to the needs of our membership.

Committees

As VP Internal, I have the privilege of sitting on a wide variety of committees, both internal and external to the CSA, to represent student interests and amplify their voices. These include, but are not limited to, Student Leaders and Administration Meeting, Student Experience Advisory Committee, Gryph to Grad Committee, Black History Month Committee, University Centre Board, Student Wellness Advisory Group, Athletics Advisory Council, Student Food Security Committee, Student Events and Risk Management Committee, and the Student Health & Dental Plan Committee. Should you have an idea, concern, or question that you would like addressed by any of the committees in my portfolio, please reach out to me!

Services

This term, many of the services under my portfolio have been focused on increasing engagement with the campus community. As the Executive Supervisor of the Clubs Office, SafeWalk, Bike Centre, Student Events and Risk Management, Menstrual Hygiene Initiative, and our Social Media Assistants, I have the opportunity to guide many of our incredible student staff as they make their visions become reality! From increased calls in the SafeWalk office, to additional programming and resources for

Clubs, the growth of these services is tangible and so exciting! I look forward to seeing, and supporting, the continuous improvements to our services this year.

Ongoing Projects

Policy Appendix F - Clubs Handbook: Along with our Clubs Coordinator, I have been working to finalize updates to the CSA's Clubs Handbook. This is a critical resource for the 190+ clubs accredited under the CSA and has gone without a comprehensive review since April 2022. The goal with this project is to clarify rules for clubs and ensure that all information is accurate and up to date.

Student Events and Risk Management Resource Guide: I have been working in conjunction with our Club and SERM Coordinators to develop a SE&RM guide for student events planners. Along with new and updated club materials, we hope that this resource will be helpful for students planning largescale or off campus events, students new to the process, and simply anyone with questions about SERM!

Overall, this term has truly been a period of growth and achievement for the CSA. I am proud of the work accomplished in building campus community, serving students, and supporting all aspects of student life, and I'm looking forward to continuing this work throughout the rest of my term. If you have any questions, concerns, or ideas you want to share with me, please reach out or come by the CSA office!

Hello CSA Members,

I am so excited for the opportunity to connect with you all and serve as your CSA Vice President Academic this year! My goal this year has been to provide real fixes to everyday issues that students have been facing, and that means asking hard questions and creating tangible action plans. I am always looking to connect with students and learn about their needs, so please feel free to email me or book a meeting, I always have time for you!

CSA Services:

Student Help and Advocacy Centre: SHAC has been working hard to make their service better known around campus this year. Outreach activities have included tabling in the UC Courtyard, new social media initiatives, and their big event for the Fall semester: Pizza and Panel, where they invited representatives from the Guelph Wellington Legal Clinic to speak to students about their tenancy rights. SHAC has been able to provide support to students in 83 unique cases thus far, demonstrating their outreach efforts.

Projects and Events:

Tutoring at the CSA: With the discontinuation of Tutoring at Guelph (TAG), many students have been looking for opportunities to either get or provide tutoring here on campus. The survey we ran garnered around 400 responses! I have been working hard to gauge student interest in this initiative and am hoping to possibly run a referendum in the Winter General Election for students to vote on this program.

Academic Misconduct Guide: Coming into this role, I realized how many students were having difficulty accessing materials and resources regarding the academic misconduct process here at Guelph. In response, I created a fulsome document with multiple peer reviews that is meant to be more student-friendly, fully explaining the process, and information that students may need in order to decide what their best option is. I have seen many students find this helpful, and it gives me a place to refer to as I support them through proceedings.

Stressbuster Events: Through my time as a student, I have both seen and felt that Stressbuster programs were not operating in a way that students wanted them too. The VP Internal and I created a fun twist on our annual hot chocolate giveaway- introducing cookies and live music to the mix! We also created two new events, one involving handing out "Self-Care Packages" to students on campus and another "Late Night Breakfast." We felt that stressbusters should not be an event students need to carve out time for during their busy schedules, but a drop-in pick me up style that is sure to leave them energized.

Revamping Student Memorial Service Space: A main project in my portfolio is running the annual Student Memorial Service; to recognize the students we lost the previous academic year. Taking on this project this year, I knew I wanted to do more to really appreciate and honour the lives of students on this campus. For this reason, I have been working with the Arboretum to propose changes to space, including better signage, plaques, and intertwining student art.

Committees:

Note: Though I sit on many committees, I am only going to mention some that are of importance in this update. Please feel free to reach out to talk about any other!

Board of Undergraduate Studies (BUGS): New programs come to this committee before they make their way to the Senate for final approval. Some news to look out for is the new Bachelor of Artificial Intelligence, a first of its kind program that targets how to use AI ethically. Furthermore, there is a proposed amendment to the Schedule of Dates at the University where the summer semester will begin on a Monday in May rather than a Thursday.

Compulsory Fees Committee: The committee is focused on ensuring that compulsory fees are being applied in a way that best promotes student life and wellbeing. I joined a working group along with the President to develop a plan in regard to students being charged full compulsory fees even if they are in strictly online programs. I also volunteered to chair this committee in the future.

Co-Curricular Experiential Learning Integrity Committee (CELIC): On this committee I have had the opportunity to review some great experiential learning activities here on campus. I wanted students to be aware of the various recognitions they can earn by participating in such activities on campus and encourage you to check out the Experiential Learning website for more. Due to this committee, I spearheaded the application for the CSA to recognize our student staff and positions on the Professional Development Career Record here at Guelph.

As always, please feel free to reach out and connect with me in regard to any concerns or ideas you have concerning student academic life here on campus! I am really trying to make this position open for students and create positive experiences within the CSA. Thank you for coming and making student voices heard this evening!

AGM Executive Update

Vice President External

November 18, 2026

Hello CSA Members,

Thank you so much for your participation in the Central Student Association's Annual General Meeting. It is your voices that strengthen our union and show why we do the work we do. Every student that shares their voice is another student helping to shape our organisation. After the vacancy in the VP External position during the 2025-2026 school year, I am glad to be your VP External for the 2026-2027 school year.

Projects and Events

Building connections with student groups across Ontario is something that has been highly important to me as the CSA works to fight back against the increased tuition and cuts to OSAP that have come into effect for the Fall 2026 semester. As part of this I have attended multiple meetings organized by the Canadian Federation of Students-Ontario (CFS-O) including their *General Meeting* in August, and meetings with MPPs in November during *Lobby Week*.

After helping with *Orientation Week* in September, I worked on promoting the *Guelph Municipal Election* in October, including hosting a **Ward 5 Townhall** with all 10 candidates for Ward 5 City Councillor present to answer student's questions. It was fantastic to see students come out to vote in this election, and that CFRU were able to make an audio recording of the Townhall that went up on the CFRU website for students who couldn't attend.

Throughout October I also worked on organizing our **Hands Off Our Education Rally** as part of the province wide protests that occurred on November 5th. It was great to see students coming out the rally, or to the CSA's sign-making events on October 30th and November 2nd, whether that attendance was to show support, or to learn more about the campaign.

Coming off the November 5th rally, I recently attended the Canadian Federation of Students' *National General Meeting,* where I met post-secondary students from across Canada.

Committees

The CSA/GSA Transit Committee met previously to discuss Move-In Weekend, Bus Pass Exemption and the Late-Night Bus Service promotion and dates. I plan to schedule another committee meeting soon to be able to discuss our plans for the Winter semester, and to bring up feedback I've received from students about their experience with the Guelph Transit system this semester.

The CSA's *Statement Making Committee* recently filled its CSA Board and General Member seats for the 2026-2027 school year and will be ready to meet if it becomes needed.

Outside of these committees that the VPE chairs or co-chairs, there have also been meetings for the many other committees that I sit on, including the *Sustainability Action Fund Steering Committee,* the *Food Security Committee, Town & Gown,* and the *Food 4U Advisory Committee.*

CSA Services

Guelph Student Foodbank
I've really enjoyed the work I've been able to do at the Foodbank so far, filling in when it gets busy or when a staff member is ill. In September, I sat on the Hiring Committee to help hire our new Foodbank Assistant.

After the work that was done by the VP Academic and the Foodbank Coordinator last year to increase the Foodbank's capacity up to 300 students, my goals for this year are to explore even more ways we can expand service and meet student needs, such as an expansion of service hours or staffing.

Student Bus Pass
In May and September, I worked with Guelph Transit to make sure all students who paid the bus pass fee would have working bus cards. I have also had many evening meetings with students who couldn't make it to the CSA's office hours in the Summer and Fall semesters in order to sell them their Opt-in bus passes after the front office had closed.

My next project with the bus pass, is working out a guide for where students can go when they are having tech issues and what information needs to be provided to get their bus pass fixed as soon as possible.

In Conclusion

It has been great to be able to get out there and see students who are passionate about fighting back against cuts to our education system and speaking up about the issues that matter to them.

I'm always happy to hear from students, whether that is about the Guelph bus system, the CSA's campaigns, or any other social or environmental issue you are passionate about. If you want to speak with me, please reach out to me at csavpexternal@uoguelph.ca!

CSA Bike Centre

Brian Moelker | Coordinator
Maxwell Murphy | Assistant
Franklin Goodfellow | Assistant

Service Overview

- The CSA Bike Centre is a Do-It-Yourself bike repair shop intended only for University of Guelph students.
- The Bike Centre provides tools, parts, lubricants, and accessories to fix bicycles as well as knowledgeable staff who can assist with repairs.
- We have a wide selection of new and used parts. The used parts are free of charge to students who pay their CSA fees, and the new parts are heavily discounted compared to off campus bike shops.
- Lock For Lock Program is a program where students can bring in their old used locks and get a brand-new high-quality U-Lock free of charge. This helps keep the campus a safer place by reducing bike theft while also keeping students riding bikes!
- The Bike Centre is a cash only service.

Programming and Events

- Bike Auction
  - The Bike Auction is held once a year around March. This is a time where students can view, ride, and bid on bikes of their liking. The Bike Auction is a long process which involves all Bike Centre (BC) staff fixing as many bikes in inventory as possible. After the bikes are fixed, they are photographed and given descriptions of what has been done to them. Proceeds of the Bike Auction go directly to the BC to keep it running for future students and for years to come!
- Track Stand Challenge
  - We are planning a challenge where students will be able to come into the bike centre and see how long they can Track Stand on a bike, within a predetermined area. Whoever lasts the longest during the challenge period will win a small prize from the bike shop. This is going to be held for the winter semester into the spring when everyone is getting back on their bikes. The person who can stand the longest will be contacted to collect their prize.

Looking Forward

- Looking forward for the Bike Auction. The Bike Auction takes place every year around March, and students are able to test ride bikes and also bid on bikes through Instagram comments. Whoever places the highest bid wins. Bike are picked up from the Bullring after the auction ends. A lot of work has gone into this event, and we cannot wait to see all the joy it brings others.

Guelph Student FoodBank

FoodBank Coordinator: Rozhan Mokhtari
FoodBank Assistants:
Jonah Grigsby and Luca Galler

Service Overview

The Guelph Student FoodBank (CSA Foodbank), started and funded by students, began in the Fall of 2004. In an effort to combat hunger and poverty on campus, we provide undergraduate and graduate University of Guelph students access to emergency food, anti-poverty resources, and referrals to other food security services if necessary. We have seen the scope of our work increase dramatically as the real and often hidden issues of hunger and impoverishment become more evident. This service has been running by the help of your CSA and GSA as well as all the generous donations from departments on campus and our community members.

Our service is exclusively accessible to the students registered with us and runs by appointment only. Hours of operation are Monday–Wednesday from 12–6 PM and Thursdays from 3-6 PM.

In order to register with the service, you need to be an enrolled university student who has paid the Foodbank fee as part of their current semesterly tuition. This service is confidential and runs by an honesty policy. To access the intake form and join our waitlist, you can visit our website (https://csaonline.ca/foodbank).

Programming and Events

We provide students with fresh produce received regularly from The Seed food access program, as well as frozen products and canned goods from Sysco. Through collaboration with community food programs, we optimize our food budget and expand resources.

We maintain campus-wide partnerships to host fundraisers and collaborative events throughout the year in support of the FoodBank. These include Aggies Hockey Games, the Multi-Faith Resource Fair Week, Guelph Organic Farm, Staff and Students from the Lang School of Business, Wellness at Work initiatives, childcare centre donations, and more.

Looking Forward

We will be tabling at Aggies Women's Hockey Game on Nov 25th to collect food and monetary donations for the foodbank.

At this time, we are not accepting volunteers, and all assistant positions are filled. Recruitment notices will be shared through the CSA website and on our Instagram page @csafoodbank.

SafeWalk

Emily Cabral, SafeWalk Coordinator
Rosa Carmela Vivona, SafeWalk Assistant

Service Overview

Established in 1991, the University of Guelph's SafeWalk program is a student-run service provided through the Central Student Association (CSA) that helps make campus a safer place for everyone. Our team of student volunteers provides safe and reliable walks to students, staff, faculty, and visitors who would like someone to accompany them to their destination after dark. Whether someone is walking to their car, a campus building, or another location on campus, SafeWalk is here to help them feel safe getting there.

Being a part of SafeWalk also gives volunteers the opportunity to get involved in their university community, meet new people, build friendships, and develop valuable skills. Throughout the year, volunteers can also take part in our social events and team activities. Our goal is to create a welcoming and supportive team that fosters a sense of community, encourages personal growth, and allows volunteers to feel appreciated throughout their time with SafeWalk.

Programming and Events

- We hosted a Self-Defense class for our Orientation Week event. It was super fun and we had great turnout! The instructors taught everyone basic self defense skills, so that if they ever find themselves in a situation where they are being targeted, they know how to defend themselves.
- We have already hosted one Hot Chocolate event in October on Branion Plaza, which was to help people unwind a bit during midterms with a treat. It was so crowded that we ran out of Hot Chocolate in an hour!
- We are hoping to do more outreach by going door to door in East Residence and West Residence. We are in the process of coordinating that with the residence front desks.
- We would also like to do some tabling in the UC sometime this year!
- At the end of this month, we are going to host a volunteer appreciation event as a thank you to them, with food, games, and prizes for our volunteers to win!

Statistics

- We have had 39 calls/walks as of November 4th, 2026.
  - September- 15 calls
  - October- 22 calls
  - November- 2 calls
- We have not had to cancel the service at all due to no shows, inclement weather, etc. We are hoping to keep it that way for the rest of the school year.
  - If someone has called out, another volunteer has always covered!
  - We are also working with a full 40 volunteers, which is less than last year, making shift coverage a lot more common.

- Most of our walks have been to East Residence, West Residence, and Watson Hall
  - We have a couple people who regularly use the service.
  - No safety concerns among service users so far.
  - We may get more walks now due to Daylight savings ending, since it is getting darker outside earlier.
- We oversee 40 volunteers and hired 12 this year. They are amazing! We had many of them come to help with social media content and Hot Chocolate in October.
- We have had lots of success with our Instagram, as we have been trying to post more funny reels and videos/photos that allow people to get to know the SafeWalk team more.
  - Since October 5th, our SafeWalk Instagram has had 62,293 views and profile views are going up.
  - Our Halloween Ghostface IG reel currently has 158 likes.

Looking Forward

- November 23rd from 6:00pm-8:00pm we are hosting another Hot Chocolate Giveaway in Branion Plaza.
- We are looking to do more tabling and door knocking in residences by the end of November.
- We are hoping to get more calls, our goal is to get to 80 calls total by the end of the year!
- We are looking to post more consistently on social media to get SafeWalk out there more, even if it's with a silly reel.
- We are currently not hiring any volunteers as our team is full, however, if we do have spots that become available, we will post on all our socials to let people know (Instagram, SafeWalk CSA Website).

AGM Service Update
Student Help and Advocacy Centre
November 18, 2026

Student Help and Advocacy Centre
Hope MacPherson, SHAC Coordinator
Emmaline Anderson, SHAC Assistant
Ruth Girma, SHAC Assistant

Service Overview

The Student Help and Advocacy Centre (SHAC) is a safe, accessible space on campus where students can ask questions and access legal, academic, financial, human rights, housing and tenancy information. SHAC also partners with the Legal Clinic of Guelph Wellington County to offer a weekly drop-in service where students can receive concrete legal advice. In addition, SHAC hosts informational and awareness events that help students become more knowledgeable about their rights as tenants, employees, students, and individuals.

Programming and Events

- **CSA Services Fair (September 2026):** Tabling event to spread awareness about SHAC & other CSA services to students during O-Week.
- **Pizza & Panel Event (October 2026):** Students participated in a Q&A session with one of the lawyers from GWLC. With free pizza, students learned about leases, common tenancy issues, and how to protect themselves. Partnered with Interhall Council & The Political Science Society we extended SHAC's reach.
- **Financial Literacy Fair (November 2026):** SHAC participated in a large-scale tabling event in the UC Courtyard. We spoke to many students and took on a handful of new cases through the event.

SHAC has been prioritizing outreach this semester and we have significantly increased our reach from social media posts and collaborations with student clubs & organizations. Thanks to our assistants we have put out 2 new educational social media series (one informational and one interactive)! Our post for the GWLC event this year got around 40 times as many views as usual, jumping from 627 views to 25K. In the past month, over half of the users who interacted with SHAC were "non-followers" meaning we are successfully spreading awareness! :)
